Handbook of Research on Internationalization of Entrepreneurial Innovation in the Global Economy

Part of the Advances in Human Resources Management and Organizational Development (AHRMOD) Book Series

Luisa Cagica Carvalho
(Universidade Aberta, Portugal & CEFAGE, Universidade de Évora, Portugal)

Description:
Globalization demands the creation of new business approaches to achieve high levels of competitiveness. Cultural differences factor into policies as companies expand their businesses in different countries and seek to collaborate with international entrepreneurs.

The Handbook of Research on Internationalization of Entrepreneurial Innovation in the Global Economy brings together research on international business, entrepreneurship, and innovation in order to present a comprehensive publication for business professionals.

Readers:
This volume is an essential reference source for practitioners, academicians, researchers and upper-level students interested in learning about internationalization and innovation in a global market.

Topics Covered:
- Banking Industry
- Corporate Social Responsibility
- Healthcare Organizations
- Higher Education
- National Culture
- Small and Medium Sized Enterprises
- Supply Chain Management
- Tourism Sector
- Venture-Capital Relationship
