Mobile and Blended Learning (IJMBL)

ISSN: 1941-8647; EISSN: 1941-8655
Established 2009; Published Quarterly

Editor(s-in-Chief): David Parsons (Massey University - Auckland, New Zealand)

The International Journal of Mobile and Blended Learning (IJMBL) provides a forum for researchers in this field to share their knowledge and experience of combining e-learning and m-learning with other educational resources. Providing researchers, practitioners, and academicians with insight into a wide range of topics such as knowledge sharing, mobile games for learning, collaborative learning, and e-learning, this journal contains useful articles for those seeking to learn, analyze, improve, and apply technologies in mobile and blended learning. The journal spans theoretical, technical, and pedagogical issues in mobile and blended learning. These embrace comprehensive or critical reviews of the current literature, relevant technologies and applications, and important contextual issues such as privacy, security, adaptivity, and resource constraints.

Individual Pricing
Print + Free E-Access: $245.00
E-Access Only: $230.00

Institution Pricing
Print + Free E-Access: $695.00
E-Access Only: $660.00

Topics Covered:
• Comprehensive or critical reviews of the current literature
• Evaluation of mobile or blended learning in practice
• Future of mobile or blended learning
• Knowledge Sharing
• Learner interaction/collaborative learning
• Mobile games for learning
• Mobile or blended learning applications
• Mobile or blended learning applied at different levels of education from pre-school to tertiary and beyond
• Pedagogical and/or philosophical underpinnings of mobile or blended learning
• Privacy and security issues
• Related research in learning, including e-learning and pedagogical approaches
• Resource constraints in the delivery of mobile or blended learning
• Reviews of the application of mobile or blended learning in multiple contexts
• Role of Wikis, blogs, podcasts, messaging, other online tools, and Web 2.0 components in learning delivery
• Roles of mobile, pervasive, and immersive technologies in education
• Technologies that directly or indirectly support mobile or blended learning systems
• Theoretical approaches to mobile or blended learning solutions
• Use of mobile or blended learning in professional environments

SUBMISSION INFORMATION
Prospective authors should note that only original and previously unpublished articles will be considered. INTERESTED AUTHORS MUST CONSULT THE JOURNAL’S GUIDELINES FOR MANUSCRIPT SUBMISSIONS at http://www.igi-global.com/journals/guidelines-for-submission.aspx PRIOR TO SUBMISSION. All article submissions will be forwarded to at least 3 members of the Editorial Review Board of the journal for double-blind, peer review. Final decision regarding acceptance/revision/rejection will be based on the reviews received from the reviewers. All submissions must be forwarded electronically.

All submissions and inquiries should be directed to the attention of:
David Parsons, ijmbl@igi-global.com

All manuscript submissions to IJMBL should be sent through the online submission system:
http://www.igi-global.com/authorseditors/titleSubmission/newproject.aspx
EDITOR-IN-CHIEF BIO

David Parnas is Associate Professor of Information Technology at Massey University, Auckland, New Zealand. He has a PhD in Information Technology from Nottingham Trent University (UK) and has wide experience in both academia and industry. He is the founding Editor-in-Chief of the International Journal of Mobile and Blended Learning and author of a number of texts on computer programming, web application development and mobile learning. His work has been published in many international journals, including Computers & Education, IEEE Transactions on Learning Technologies and Software Practice and Experience. He chaired the Conference on Mobile Learning Technologies and Applications in 2007 and was co-editor of Innovative Mobile Learning: Techniques and Technologies (Information Science Reference, 2009). He is a member of the International Association for Mobile Learning and a professional member of the British Computer Society.
