International Journal of Agricultural and Environmental Information Systems (IJAEIS)

ISSN: 1947-3192; EISSN: 1947-3206
Established 2010; Published Quarterly

Editor(s)-in-Chief: Petraq Papajorgji (Canadian Institute of Technology, Albania) and François Pinet (Irstea/Cemagref - Clermont Ferrand, France)

The International Journal of Agricultural and Environmental Information Systems (IJAEIS) presents high quality research papers on the design and implementation of information systems in the fields of agronomics, mathematics, economics, computer science, and the environment. IJAEIS provides the latest innovative technologies in the construction of complex information systems and discusses the analysis, visualization, management, and dissemination of information, as well as the effective integration of agricultural and environmental information systems.

Individual Pricing
Print + Free E-Access: $280.00
E-Access Only: $265.00

Institution Pricing
Print + Free E-Access: $795.00
E-Access Only: $750.00

Topics Covered:
• Agricultural production
• Agricultural traceability and food safety
• Data design, integration, and interchange format
• Database modeling and design
• Decision Support Systems
• Distributed information systems
• Ecological system modeling
• Eco-technologies
• Embedded sensor and mobile database
• Environmental issues in rural and urban areas
• Forest fires
• Geographic Information Systems
• Global climate change
• Impact assessments of agricultural and industrial activities
• Interoperability between information systems
• Knowledge discovery and data mining
• Land use
• Model driven development and model driven architecture
• Multi-Agent Systems
• Object-oriented systems modeling
• Ontologies metadata and metamodeling
• Precision farming
• Requirements analysis
• Risk assessments
• Simulation and optimization of agricultural systems
• Software Engineering
• Soil air and water quality models
• Uncertain and imprecise information management
• Water Management
• Web-Based Information Systems
• XML and service oriented systems (SOA)

SUBMISSION INFORMATION
Prospective authors should note that only original and previously unpublished articles will be considered. INTERESTED AUTHORS MUST CONSULT THE JOURNAL’S GUIDELINES FOR MANUSCRIPT SUBMISSIONS at http://www.igi-global.com/journals/guidelines-for-submission.aspx PRIOR TO SUBMISSION. All article submissions will be forwarded to at least 3 members of the Editorial Review Board of the journal for double-blind, peer review. Final decision regarding acceptance/rejection will be based on the reviews received from the reviewers. All submissions must be forwarded electronically.

All submissions and inquiries should be directed to the attention of:
Petraq Papajorgji, petraq@gmail.com and François Pinet, francois.pinet@cemagref.fr

All manuscript submissions to IJAEIS should be sent through the online submission system:
http://www.igi-global.com/authorseditors/submitSubmission/newproject.aspx

François Pinet is a research director at the French Research Institute for Agricultural and Environmental Engineering (Clermont Ferrand, France). His field of research is in environmental information systems and geomatics. He belongs to several scientific committees of different conferences and journals in these fields.
