Productivity Management and Assessment Technologies (IJPMAT)

ISSN: 2160-9837; EISSN: 2160-9845
Established 2012, Published Quarterly

Editor(s)-in-Chief: Bryan Christiansen (PryMarke, LLC, USA)

The International Journal of Productivity Management and Assessment Technologies (IJPMAT) publishes new research, innovations, developments, and ideas in the areas of productivity, efficiency, and performance measurement and management, including new techniques, approaches, and related reflective analysis designed to improve individual, group, and organizational performance. The journal provides an interactive and global discussion forum for academics, professionals, and practitioners working and interested in the research and practice of productivity, efficiency, and performance measurement and management. This multidisciplinary journal draws from the fields of economics, econometrics, management, statistics, production, information technology, marketing, accounting, supply chain, and organizational behavior.

- Total quality management

SUBMISSION INFORMATION
Researchers and practitioners are invited to submit their original empirical research articles 3,000-5,000 words in length. Interested authors must consult the journal’s guidelines for manuscript submissions at http://www.igi-global.com/publish/contribute-resources/before-you-write prior to submission. All submitted articles will be reviewed on a double-blind review basis by no fewer than 3 members of the journal’s Editorial Review Board and 1 Associate Editor. Final decision regarding acceptance/rejection will be based on the reviews received from the reviewers and at the sole discretion of the Editor-in-Chief.

All submissions and inquiries should be directed to the attention of:
Bryan Christiansen, IJPMAT@igi-global.com and journalseditor@igi-global.com

All manuscripts must be submitted through the E-Editorial DiscoveryTM online submission manager:
http://www.igi-global.com/submission/submit-manuscript
