Transformative Practice and Research in Organizational Communication

Part of the Advances in Business Strategy and Competitive Advantage Book Series

Philip J. Salem (Texas State University, USA) and Erik Timmerman (University of Wisconsin, USA)

Description:

The ways in which businesses communicate internally impacts all functions of organizational success. It is imperative to cultivate organized communication to optimize various workflow processes.

Transformative Practice and Research in Organizational Communication is an essential reference publication featuring the latest scholarly research on the practice of effective information exchange among internal parties in business environments. Including coverage on a range of topics such as business expertise, social media, and capitalism, this book is ideally designed for academicians, students, professionals, and managers seeking current research on the orderly transmission of information.

Topics Covered:

• Business Expertise
• Capitalism
• Computational Social Science
• Non-Governmental Organizations
• Social Justice
• Social Media
• Teamwork and Collaboration
