Developing E-Government Projects: Frameworks and Methodologies

Part of the Advances in Electronic Government, Digital Divide, and Regional Development

Zaigham Mahmood
(University of Derby, UK & North West University, South Africa)

The emergence of e-government allows for effective governance, increased transparency, better management, and efficient services through the use of the internet and information and communication technologies. Therefore, world governments are mobilizing large amounts of resources in order to implement and promote the use of e-government.

Developing E-Government Projects: Frameworks and Methodologies presents frameworks and methodologies for strategies towards the design, implementation, and adoption of e-government projects. By providing best practices in the successful adoption of e-government, this book is essential for policy makers, practitioners, researchers, and students interested in the approaches utilized for the successful implementation of e-government projects.

Topics Covered:
- E-Government Adoption
- E-government Strategies
- Government to Government Interactions
- ICT Infrastructure
- Knowledge Management
- Managing E-Governance
- Social and Economic Development
- Success Factors

Market: This premier publication is essential for all academic and research library reference collections. It is a crucial tool for academicians, researchers, and practitioners. Ideal for classroom use.

Zaigham Mahmood is a researcher and author. He has an M.Sc. in Mathematics, M.Sc. in Computer Science, and Ph.D. in Modelling of Phase Equilibria. Dr Mahmood is a Senior Technology Consultant at Debesis Education UK, a researcher at the University of Derby UK, and Professor Extraordinaire at the North West University in South Africa. He is, currently, also a Foreign Professor at NUST Islamabad Pakistan. Professor Mahmood has published over 100 articles in international journals and conference proceedings in addition to four books on cloud computing and two reference texts on e-government: E-Government Implementation and Practice in Developing Countries and Developing E-Government Projects: Frameworks and Methodologies. He is also the Editor-in-Chief of the Journal of E-Government Studies and Best Practices and Series Editor-in-Chief of the IGI book series on Advances in Electronic Government, Digital Divide & Regional Development (AEGDDRD). Professor Mahmood is an active researcher; he also serves as editorial board member of several journals, books and conferences; guest editor for journal special issues; organiser and chair of conference tracks and workshops; and keynote speaker at conferences. His research interests encompass subject areas including e-government studies, project management, software engineering, enterprise computing and cloud computing.
# Section 1: E-Government Development: Methodologies and Approaches

## Chapter 1
**E-Government Systems Development Methodologies, Tools and Platforms**
Fonou-Dombeu Jean Vincent (Vaal University of Technology, South Africa)
Huisman Magda (North-West University, South Africa)
Ojo Adegboyega (United Nations University International Institute for Software Technology, China)

## Chapter 2
**E-Government for Social and Economic Development**
Ngwenya Bongani (Solusi University, Zimbabwe & North-West University-Mafeking, South Africa)

## Chapter 3
**Decision Support Systems**
Ngwenya Bongani (Solusi University, Zimbabwe & North-West University-Mafeking, South Africa)

## Chapter 4
**Adopting E-Mailing Systems Technology**
Al-Haraizah Ahed S (Saudi Electronic University, Saudi Arabia)

# Section 2: E-Government Adoption: Frameworks and Policy

## Chapter 5
**E-Government Concept**
Soares Delfina de Sá (University of Minho, Portugal)
Amaral Luis (University of Minho, Portugal)

## Chapter 6
**Enabling Local E-Government**
Freeman Julie (University of Canberra, Australia)

## Chapter 7
**Enterprise Architectures for E-Government Development**
Farooq Muhammad Kashif (Punjab Information Technology Board (PITB), Pakistan)
Shamail Shafay (Lahore University of Management Sciences (LUMS), Pakistan)
Awais Mian Muhammad (Lahore University of Management Sciences (LUMS), Pakistan)

## Chapter 8
**Legal Framework for the E-Vatization in Turkey**
Güney Çetin (Celal Bayar University, Turkey)

# Section 3: E-Government Implementation: Governance and E-Inclusion

## Chapter 9
**Role of E-Governance in Citizen-Centric E-Government**
Deka Ganesh Chandra (DG&EIT, Ministry of Labour & Employment, Government of India, India)

## Chapter 10
**Managing E-Governance**
Misuraca Gianluca (European Commission, Institute for Prospective Technological Studies (JRC-IPTS), Spain)
Viscusi Gianluigi (University of Milano-Bicocca, Italy)

## Chapter 11
**Towards Inclusive E-Government**
Bernhard Irene (University West, Sweden)
Grundén Kerstin (University West, Sweden)

## Chapter 12
**Malaysia’s Internet Governance Dilemma**
Griffiths Mary (University of Adelaide, Australia)
Chinnasamy Sara (University of Technology Mara, Malaysia)

## Chapter 13
**Leveraging the Service Paradigm for Producing Next Generation E-Governance Applications**
Raj Pethura (Wipro Technologies, India)

# Section 4: E-Government Projects: Review and Assessment

## Chapter 14
**Evaluation and Metrics of E-Government**
Delopoulos Haroula N. (National and Kapodistrian University of Athens, Greece)

## Chapter 15
**E-Services Efficiency of Government Organisations in Asia**
Adapa Sujana (The University of New England, Australia)

## Chapter 16
**E-Governance Projects for E-Inclusion in India**
Mitra Harikrishna (Institute of Rural Management Anand, India)

## Chapter 17
**Rhetoric vs. Realities in Implementation of E-Government Master Plan in Nepal**
Rupakhetee Kiran (Purbanchal University, Nepal)
Heshmati Almas (Sogang University, Seoul, South Korea)
