Handbook of Research on Emerging Business Models and Managerial Strategies in the Nonprofit Sector

Part of the Advances in Public Policy and Administration Book Series

Lindy Lou West (Griffith University, Australia) and Andrew Worthington (Griffith University, Australia)

Description:

Modern businesses exist in a dynamic and increasingly competitive realm. To remain viable, organizations must constantly adopt new methods and processes to optimize productivity and workflow.

The Handbook of Research on Emerging Business Models and Managerial Strategies in the Nonprofit Sector is a comprehensive reference source for the latest scholarly information on management tools, analytics, and infrastructures for contemporary nonprofit organizations. Highlighting a range of multidisciplinary topics such as crowdfunding, shared value creation, and human resource development, this publication is ideally designed for managers, professionals, students, researchers, and academics interested in enhancing process management in nonprofit businesses.
