Systems and Software Development, Modeling, and Analysis: New Perspectives and Methodologies

Part of the Advances in Systems Analysis, Software Engineering, and High Performance Computing Book Series

Mehdi Khosrow-Pour
(Information Resources Management Association, USA)

In the digital age, technological solutions are being developed and integrated into every aspect of our everyday lives. The ever-changing scope of research in systems and software advancements allows for further improvements and applications.

Systems and Software Development, Modeling, and Analysis: New Perspectives and Methodologies presents diverse, interdisciplinary research on topics pertaining to the management, integration, evaluation, and architecture of modern computational systems and software. Presenting the most up-to-date research in this rapidly evolving field, this title is ideally designed for use by computer engineers, academicians, graduate and post-graduate students, and computer science researchers.

Topics Covered:
- Algorithms
- Interdisciplinary Applications
- Software Architecture
- Software Engineering
- Software Modeling
- Software Process Improvement
- Software Project Management
- Standards and Standardization
- Systems Analysis

Market: This premier publication is essential for all academic and research library reference collections. It is a crucial tool for academicians, researchers, and practitioners. Ideal for classroom use.

Mehdi Khosrow-Pour, D.B.A., received his Doctorate in Business Administration from the Nova Southeastern University (Florida, USA). Dr. Khosrow-Pour taught undergraduate and graduate information system courses at the Pennsylvania State University – Harrisburg for 20 years. He is currently Executive Editor at IGI Global, and Executive Director and President of the World Forgotten Children’s Foundation (www.world-forgotten-children.org). He is the author/editor of over twenty books in information technology management. He is also the editor-in-chief of the Information Resources Management Journal, the Journal of Cases on Information Technology, the Journal of Electronic Commerce in Organizations, and the Journal of Information Technology Research, and has authored more than 50 articles published in various conference proceedings and scholarly journals.
