Sustainable ICT Adoption and Integration for Socio-Economic Development

Part of the Advances in Electronic Government, Digital Divide, and Regional Development Book Series

Charles K. Ayo (Covenant University, Nigeria) and Victor Mbarika (Southern University, USA and ICT University, USA)

Description:

It is becoming known that information and communications technology has the potential to increase development in the areas of health, education, governance, and business in impoverished countries. Thus, new levels of integration and applications must be studied in order to expand this research area further.

Sustainable ICT Adoption and Integration for Socio-Economic Development is a pivotal publication featuring the latest scholarly research on current updates regarding adoption, integration, and application of communication devices and applications across the various aspects of human progression. Highlighting a number of topics and perspectives such as inclusive education, e-governance, and e-democracy, this book is ideally designed for researchers, government officials, and academicians seeking current information on the application of new technological tools for both social and economic growth in various countries.

Topics Covered:

- Big Data
- Cloud Computing
- E-Democracy
- E-Governance
- Inclusive Education
- Linked Open Data
- Resource Optimization
- Urban-Rural Integration

Hardcover: $180.00
E-Book: $180.00
Hardcover + E-Book: $215.00

Assessment of Levels and Interrelationships of ICT Deployment, Web Readiness and Quality eGovernment
Kemi Ogunsofa, University of Ibadan, Nigeria
Mutawakilu A. Tiamiyu, University of Botswana, BW

Chapter 2
Interrogating the Application of E-Governance for Service Delivery: A Study of Ojo and Alimosho Local Government Areas, Lagos State
Francis F. Nchuchuwe, Lagos State University, Ojo, Nigeria

Chapter 3
Development of an Inclusive Participatory Democracy System
Aderonke A. Oni, Covenant University, Nigeria
Charles K. Ayo, Covenant University, Nigeria
Ambrose A. Azeta, Covenant University, Nigeria

Chapter 4
Embracing Biometric Voter Registration in Africa- Pros and Cons
Emmanuel Eilu, Makerere University, Uganda

Section 2
Using Information Technology to Support Secondary and Tertiary Education

Chapter 5
E-Learning Adoption among Selected Secondary Schools in Ijebu-North Local Government of Ogun State
Adedeji O. Adewusi, Olabisi Onabanjo University, Nigeria

Chapter 6
Potentials of Digital Assistive Technology and Special Education in Kenya
Foad Hamid, York University, Canada

Patrick M. Owuor, Maseno University, Kenya
Michaela Hynie, York University, Canada
Melanie Baliko, York University, Canada
Melanie Baliko, York University, Canada

Chapter 7
Integrating digital literacies into an undergraduate course: Inclusiveness through use of ICTs
Meke I Kapepo, University of Cape Town, South Africa
Tabisa Mayisela, University of Cape Town, South Africa

Section 3
Contemporary ICT Application for Development

Chapter 8
A Cloud Computing Adoption Framework for Developing Countries
Anh D. Ta, Advanced Technology Consulting, USA

Chapter 9
ICT for Development in Nigeria with ICT4D 2.0: Aligning ICT for Development in Nigeria with ICT4D 2.0 Goals
Olamide. B. Longe, Caleb University, Nigeria
Adelofarin A. Bolaji, Purdue University Graduate School, USA
Richard Boateng, University of Ghana Business School, Ghana

Chapter 10
Level of Computer Appreciation Skills Acquired for Sustainable Development by Secondary School Students in Nsukka LGA of Enugu State, Nigeria
Chijioke J. Okelewe, University of Nigeria, Nsukka, Nigeria
Igboamalu P. Nwafor, University of Nigeria, Nsukka, Nigeria

Chapter 11
Babafemi Odusote, Covenant University, Nigeria
Conceptual Design & Usability Evaluation of a Grid Utility
SECOND Portal for Under-resourced Business Enterprises in Sub-saharan Africa
