Yuhui Shi is a Professor of Electrical and Electronic Engineering at Xi’an Jiaotong-Liverpool University (XJTLU), (Suzhou, China). He is also the Director of the Research and Postgraduate Office at XJTLU. He is an adjunct professor at Indiana University Purdue University Indianapolis (Indiana, USA), Southeast University (Nanjing, China), and Jiangsu University (Zhenjiang, China), respectively. He has over eighteen years experience in algorithm design and implementation primarily using computational intelligence. He has extensively knowledge on innovation and creative problem-solving skills. Dr. Shi is an associate editor of the IEEE Transactions on Evolutionary Computation and the Chair of the IEEE CIS Task Force on Swarm Intelligence. He also serves as a member of the Editorial Review Board of the Journal of Swarm Intelligence. Dr. Shi has organized several international conferences since 2003, serving as the general chair or the program chair, etc. He co-authored a book on swarm intelligence together with Dr. James Kennedy and Professor Russell Eberhart, and another book (Computational Intelligence: Concept to Implementation) together with Prof. Russell Eberhart. He has given tutorials and lectures in conferences and universities.
Enclosed is check payable to IGI Global in US Dollars, drawn on a US-based bank
