Debarati Halder (Centre for Cyber Victim Counselling (CCVC), India) and K. Jaishankar (Manonmaniam Sundaranar University, India)

While women benefit from using new digital and Internet technologies for self-expression, networking, and professional activities, cyber victimization remains an underexplored barrier to their participation. Women often outnumber men in surveys on cyber victimization.

**Cyber Crime and the Victimization of Women: Laws, Rights and Regulations** is a unique and important contribution to the literature on cyber crime. It explores gendered dimensions of cyber crimes like adult bullying, cyber stalking, hacking, defamation, morphed pornographic images, and electronic blackmailing. These and other tactics designed to inflict intimidation, control, and other harms are frequently committed by perpetrators who, for many reasons, are unlikely to be identified or punished. Scholars, researchers, law makers, and ordinary women and their supporters will gain a better understanding of cyber victimization and discover how to improve responses to cyber crimes against women.

### Topics Covered:

- Adult Bullying
- Cyber Crime Law
- Cyber Crime Law and Women
- Cyber Stalking
- Cyber Victimization
- Electronic Defamation
- Online Abuse
- Victimization of Women in Cyber Space
- Women and Cyber Rights
- Women and Cyber Victimization
