Urbanization and Its Impact on Socio-Economic Growth in Developing Regions

Part of the Advances in Electronic Government, Digital Divide, and Regional Development Book Series

Umar Benna (Ahmadu Bello University, Nigeria) and Indo Benna (Muhammad AliMama College of Health Sciences, USA)

Description:

The social and economic systems of any country are influenced by a range of factors. As the global population grows in developing nations, it has become essential to examine the effects of urbanization.

Urbanization and Its Impact on Socio-Economic Growth in Developing Regions is a pivotal reference source for the latest research findings on the role of urban growth on the socio-economic infrastructures in developing regions. Featuring extensive coverage on relevant areas such as job creation, sustainability, and transportation planning, this publication is an ideal resource for city development planners, decision-makers, researchers, academics, and students interested in emerging perspectives on socio-economic development.

Topics Covered:

- Electric Power
- Foreign Direct Investment
- Job Creation
- Poverty
- Sustainability
- Tourism
- Transportation Planning
- Urban Land Use Conflicts
