Applied Industrial Engineering (IJAIE)

ISSN: 2155-4153; EISSN: 2155-4161
Established 2012; Published Semi-Annually

Editor(s)-in-Chief: Rajbir Singh Bhatti (Shaheed Bhagat Singh College of Engineering and Technology, India)

IJAIE provides a domain for professionals, academics, researchers, policy makers, and practitioners working in the fields of industrial engineering, reliability engineering, TQM, management, and globalization to present their research findings, propose new methodologies, disseminate the latest findings, and to learn from each other’s research directions. IJAIE focuses on applied research in the areas of industrial engineering with a bearing on inter and intra disciplinary research. This journal publishes full-length research manuscripts, insightful research, and practice notes, as well as case studies.

Topics Covered:
- Business and strategy
- Case studies in industry and services
- Decision analysis
- Engineering economy and estimation
- Enterprise resource planning and ERP II
- Location, layout, design, and materials
- Forecasting, planning, and control
- Human factors, ergonomics, and safety
- Industrial engineering education
- Information and communication technology and systems
- Inventory, logistics, and transportation
- Manufacturing, control, and automation
- Operations management
- Performance analysis
- Product and process design
- Project management
- Purchasing and procurement
- Reliability and maintenance
- Scheduling in industry and service
- Supply chain management
- Modeling and simulation
- Technology transfer and management
- Third party/fourth party logistics

Individual Price:
- E-Journal: US $215.00
- Print: US $320.00
- Print + E-Journal: US $425.00

Institution Price:
- Print: US $895.00
- Online Access: US $895.00
- Print + Online Access: US $1,285.00
- Institution Online Access Backfile: US TBD

Prices are subject to change without notification.

EDITOR-IN-CHIEF BIO

Rajbir Singh Bhatti is a faculty member at the SBS College of Engineering & Technology, Ferozepur (Punjab), India. He is currently researching selection issues involving third and fourth party logistics service providers in the Mechanical & Industrial Engineering Department at the Indian Institute of Technology (IIT) Roorkee. He has been a Management Representative for implementation of ISO 9000 QS at an export house and is a trained quality professional by the Federation of Indian Chamber of Commerce & Industry (FICCI). He actively worked with the Underwriters Labs. Inc. (Illinois, USA) in 1997-1998 for ISO 9000 certification. He has published several research papers and book chapters in the fields of industrial engineering, quality systems, and supply chain management.

SUBMISSION INFORMATION

Prospective authors should note that only original and previously unpublished articles will be considered. Interested authors must consult the journal’s guidelines for manuscript submissions at www.igi-global.com/publish/resources prior to submission. All article submissions will be forwarded to the Editorial Review Board for double-blind, peer review.

All submissions and inquiries should be directed to the attention of:
Rajbir Singh Bhatti, ijaie@igi-global.com
