Mobile Computing and Multimedia Communications (IJMCMC)

ISSN: 1937-9412; EISSL: 1937-9404
Established 2009; Published Quarterly

Editor(s-in-Chief): Ismail Khalil (Johannes Kepler University Linz, Austria) and Edgar Weiβpl (Secure Business Austria - Security Research, Austria)

The International Journal of Mobile Computing and Multimedia Communications (IJMCMC) publishes original research papers, state of the art reviews, technical notes, case studies, innovative projects, and books reviews on topics leveraging all aspects of mobile and multimedia computing: from underlying technologies to applications, theory to practice, and servers to networks to devices. The coverage of this journal ranges from innovative topics to research findings to trends analysis on mobile multimedia and related theories, technologies, methods, applications, and services from all engineering, business and organizational perspectives.

Individual Pricing
Print + Free E-Access: $265.00
E-Access Only: $250.00

Institution Pricing
Print + Free E-Access: $745.00
E-Access Only: $705.00

Topics Covered:
- Active multimedia network
- Advances in MAN
- Augmented Reality
- Billing and security for mobile multimedia services
- Coding, equalization, and modulation
- Consumer applications
- Content distribution architectures
- Content distribution inter-networking
- Cooperation in mobile multimedia
- Digital rights management
- Economics of mobile multimedia
- Emerging access networks
- Ergonomics and health issues
- Home networking
- Industrial applications
- IP video, streaming, and interactive video services
- Location- & context-aware dependent computing
- Low power networking
- Marketing Strategies
- Measurement and modeling of network operation
- Medical Applications
- Military applications
- Mobile multimedia interfaces
- Mobile multimedia platforms
- Mobile multimedia software
- Mobile operating systems
- Multimedia traffic management
- Network programming for mobile multimedia services
- Personal area networks
- Portable devices and smart sensors
- QoS Management
- Regulatory and legal frameworks
- Regulatory and societal issues of mobile computing and multimedia
- Security and authentication
- Social implications
- Streaming media protocols
- Ubiquitous and pervasive computing
- Value added chains for mobile multimedia
- VoIP services
- Wearable computers and PDAs
- Wireless and mobile multimedia network management
- Wireless data services

SUBMISSION INFORMATION
Prospective authors should note that only original and previously unpublished articles will be considered. INTERESTED AUTHORS MUST CONSULT THE JOURNAL’S GUIDELINES FOR MANUSCRIPT SUBMISSIONS at http://www.igi-global.com/journals/guidelinesformanuscriptsubmission.aspx PRIOR TO SUBMISSION. All article submissions will be forwarded to at least 3 members of the Editorial Review Board of the journal for double-blind, peer review. Final decision regarding acceptance/revision/rejection will be based on the reviews received from the reviewers. All submissions must be forwarded electronically.

All submissions and inquiries should be directed to the attention of:
Ismail Khalil, ismail.khalil@jku.at

All manuscript submissions to IJMCMC should be sent through the online submission system: http://www.igi-global.com/authoreditors/titlesubmission/newproject.aspx

Email: marketing@igi-global.com
Phone: 717-533-8845 x100
Toll Free: 1-866-349-4667

EDITOR-IN-CHIEF BIO

Ismail Khalil (http://www.iwas.org/ismail/) is a senior researcher and lecturer at the Institute of Telecooperation, Johannes Kepler University Linz, Austria, since October 2002. He is the president of the International Organization of Information Integration and Web-based Applications & Services (@WAS). He holds a PhD in computer engineering and received his habilitation degree in applied computer science on his work on agents’ interaction in ubiquitous environments in May 2008. He currently teaches, consults, and conducts research in Mobile Multimedia, Cloud Computing, Agent Technologies, and the Semantic Web and is also interested in the broader business, social, and policy implications associated with the emerging information technologies. Before joining Johannes Kepler University of Linz, he was a research fellow at the Intelligent Systems Group at Utrecht University, Netherlands from 2001-2002 and the project manager of AgenCom project at the Software Competence Center Hagenberg, Austria from 2000-2001. Dr. Khalil has authored around 100 scientific publications, books, and book chapters. He is the editor of the Handbook of Research on Mobile Multimedia series, the book Mobile Multimedia: Communication Engineering Perspective, the book Multimedia Transcoding in Mobile and Wireless Networks, the book Innovations in Mobile Multimedia Communications and Applications: New Technologies and the book Advancing the Next Generation of Mobile Computing: Emerging Technologies. He serves as the Editor-in-Chief of the International Journal on Web Information Systems (IJWIS), International Journal on Pervasive Computing and Communication (JPCC) both published by Emerald Group publishing, UK, Journal of Mobile Multimedia (JMMM) published by Rinton Press, USA, International Journal of Mobile Computing and Multimedia Communication (IJMCMC) published by IGI Global, USA, Advances in Next Generation Mobile Multimedia book series published by IGI Global, USA, and Atlantis Ambient and Pervasive Intelligence book series published by Atlantis and Springer. He is on the editorial board of several international journals. His work has been published and presented at various conferences and workshops.

Edgar R. Weigl (CISSP, CISA, CISM) is Science Director of Secure Business Austria and an assistant professor at the Vienna University of Technology. His research focuses on applied concepts of IT-security and e-learning. Edgar has taught several tutorials on security issues in e-learning at international conferences, including ED-MEDIA 2003-2007 and E-Learn 2005. In 2005, he published Security in E-Learning (Springer). After graduating with a PhD from the Vienna University of Technology, Edgar worked for two years in a research startup. He then spent one year teaching as an assistant professor at Beloit College (WI, USA). From 2002 to 2004, he worked with the software vendor ISIS Papyrus, as well as he worked as a consultant for HMO (Empire BlueCross BlueShield) in New York and Albany (NY, USA) and for Deutsche Bank (PWM) in Frankfurt (Germany).
