Transcontinental Strategies for Industrial Development and Economic Growth

Part of the Advances in Business Strategy and Competitive Advantage Book Series

Bryan Christiansen (PryMarke LLC, USA) and Gulsah Koc (Yildiz Technical University, Turkey)

Description:

In contemporary society, it is vital for countries to consistently seek new ways to provide stable growth for their increasing populations. As such, it is important to stay on top of the most current strategies and trends that promote strong industrial and economic development.

Transcontinental Strategies for Industrial Development and Economic Growth provides a comprehensive examination of the latest strategies and techniques for growing and maintaining an economically-sound community. Highlighting innovative research on relevant topics such as budget preparation processes, management philosophies, and global competitiveness, this publication is an ideal resource for all professionals, practitioners, business owners, and researchers who are seeking advanced academic perspectives on strategies for industrial development and economic growth.
