Digital Advancements in Medicine, E-Health, and Communication Technologies

Joel J.P.C. Rodrigues
(Instituto de Telecomunicações, University of Beira Interior, Portugal)

Digital Advancements in Medicine, E-Health, and Communication Technologies explores the developments and trends in medical informatics and its approaches toward telemedicine and e-health applications. This comprehensive collection of research brings together academia and industry by highlighting recent advances in electronic health, medical communications and applications for e-health and medicine.

Topics Covered:
- Biomedical and Biosensors Engineering
- E-Health
- Health and Healthcare Applications
- Information and Knowledge Managements
- Tools
- Medical Communications
- Mobile Applications
- Wireless Sensor Networks

Print: US $245.00 | Perpetual: US $370.00 | Print + Perpetual: US $490.00

Pre-pub Discount:
Print: US $235.00 | Perpetual: US $350.00
* Pre-pub price is good through one month after publication date.

Market: This premier publication is essential for all academic and research library reference collections. It is a crucial tool for academicians, researchers, and practitioners and is ideal for classroom use.

Joel J.P.C. Rodrigues is a professor at the University of Beira Interior (Coimbra, Portugal) and researcher at the Instituto de Telecomunicações (Portugal). He is the leader of NetGNA Research Group (http://netgna.it.ubi.pt) and the founder and leader of the IEEE ComSoc CSIM Special Interest Group on modeling and simulation tools (http://mst.it.ubi.pt). He is a member of the Steering Committee of IEEE ComSoc Technical Sub-Committee on e-health and the secretary of the IEEE ComSoc Technical Committee on Communications Software. He participates in several European networks of excellence and Portuguese research projects. He is the general chair of the IEEE International Workshop on medical applications networking (MAN). He has chaired several technical program committees from international conferences and participated in tens of TPCs. He has been guest editor of several journal special issues and belongs to numerous editorial review boards of international journals. He is a licensed professional engineer and member of the ACM SIGCOMM, the Internet Society, and a senior member of the IEEE Computer Society, IEEE Communications Society, and IEEE Education Society.
