CONTENTS

Chapter 1.
Unified Wavelet Transform Analysis Adapted to Different Biomedical Applications
   1. Girisha Garg, Vijander Singh, Netaji Subhas Institute of Technology, University of Delhi, India

Chapter 2.
Swarm Intelligence Approaches to Shelf Space Allocation Problem with Linear Profit Function
   Tuncay Özcan, Şakir Esnaf, Istanbul University, Turkey

Chapter 3.
A genetic algorithm-based multivariate grey model in housing demand forecast in Turkey
   Miraç Eren, Atatürk University, Ali Kemal Çelik, Atatürk University, İbrahim Hüseyni, Sırнак University, Turkey

Chapter 4.
Image Mining: Techniques for Feature Extraction
   Tuğrul Taşçi, Sakarya University, Turkey

Chapter 5.
Comparative Analysis of Statistical, Machine Learning and Grey Methods for Short-Term Electricity Load Forecasting
   Tuncay Özcan, Tarık Küçükdeniz, Funda Gezgin, Istanbul University, Turkey

Chapter 6.
A Soft Computing Approach to Customer Segmentation
   Kadir Hızıroğlu, Yıldırım Beyazıt University, Turkey

Chapter 7.
Data mining for multicriteria single facility location problems
   Seda Tolun, Halit Alper Tayalı, Istanbul University, Turkey

Chapter 8.
Heuristic Optimization Based Clustering Solution For The Facility Location Problem For Large Data Sets
   Tarık Küçükdeniz, Şakir Esnaf, Istanbul University, Turkey

Chapter 9.
Review of Business Intelligence and Intelligent Systems in Healthcare Domain
   Halil İbrahim Cebeci, Sakarya University, Kadir Hızıroğlu, Yıldırım Beyazıt University, Turkey
Chapter 10.
Use of Chaotic Randomness Numbers: Metaheuristic and Artificial Intelligence Algorithms
   Alper Özpınar, Elmel Selma Küçükaşçı, Istanbul Commerce University, Turkey

Chapter 11.
An Integrated Grey Relations Analysis and VIKOR method for Multi Criteria Decision Making under Fuzzy Environment: Supplier Selection Case
   İhsan Hakkı Selvi, İ.Hakkı Cedimoğlu, Orhan Torkul, Sakarya University, Turkey

Chapter 12.
A Brief Review of Metaheuristics for Document or Text Clustering
   Sinem Büyüksaatçi, Alp Baray, Istanbul University, Turkey

Chapter 13.
Churn Prediction in Internet Service Provider Companies
   İlayda Ülkü, Mehmet Yahya Durak, Fadime Üney Yüksektepe, Istanbul Kultur University, Turkey

Chapter 14.
A Quantitative Predictability Analysis of Financial Instruments
   Adil Gürsel Karaçor, Turan Erman Erkan, Atilim University, Turkey

Chapter 15.
Selection of Wavelet Features for Biomedical Signals using SVM Learning
   Girisha Garg, Vijander Singh, Netaji Subhas Institute of Technology, University of Delhi, India
