Handbook of Research on Swarm Intelligence in Engineering

Part of the Advances in Computational Intelligence and Robotics Book Series

Siddhartha Bhattacharyya (RCC Institute of Information Technology, India) and Paramartha Dutta (Visva-Bharati University, India)

Description:
Swarm Intelligence has recently emerged as a next-generation methodology belonging to the class of evolutionary computing. As a result, scientists have been able to explain and understand real-life processes and practices that previously remained unexplored.

The Handbook of Research on Swarm Intelligence in Engineering presents the latest research being conducted on diverse topics in intelligence technologies such as Swarm Intelligence, Machine Intelligence, Optical Engineering, and Signal Processing with the goal of advancing knowledge and applications in this rapidly evolving field.

Readers:
This book will be a subject of interest to the widest forum of faculties, existing research communities, and new research aspirants from a multitude of disciplines and trades.

Topics Covered:
- Analysis of Geotechnical Features
- Bio Inspired Computation
- Biometric Feature Extraction
- Droplet Routing in Digital Microfluidic Biochip
- Economic Dispatch Problems
- Encryption in Wireless Communication
- Image Enhancement Techniques
- Multi Label Data Classification

Hardcover + E-Access Only: $335.00 $315.00
Free E-Access: $155.00 $155.00
1 Year Online Subscription: $265.00
2 Year Online Subscription: $265.00
Dr. Siddhartha Bhattacharyya did his Bachelors in Physics, Bachelors in Optics and Optoelectronics and Masters in Optics and Optoelectronics from University of Calcutta, India in 1995, 1998 and 2000 respectively. He completed PhD in Computer Science and Engineering from Jadavpur University, India in 2008. He is currently an Associate Professor in Information Technology at RCC Institute of Information Technology, Kolkata, India. Prior to this, he was an Assistant Professor in Computer Science and Information Technology at University of Technology, The University of Burdwan, India from 2005-2011. He was a Lecturer in Information Technology of Kalyani Government Engineering College, India during 2001-2004. He is a co-author of a book and more than 75 research publications. He was the member of the Young Researchers’ Committee of the WSC 2008 Online World Conference on Soft Computing in Industrial Applications. He was the convener of the AICTE-IEEE National Conference on Computing and Communication Systems (CoCoSys-09) in 2009. He has been the member of the organizing and technical program committee of several national and international conferences. He is the Assistant Editor of International Journal of Pattern Recognition Research since 2010. He is the member of the editorial board of International Journal of Engineering, Science and Technology and the member of the editorial advisory board of HETC Journal of Computer Engineering and Applications. His research interests include soft computing, pattern recognition and quantum computing. Dr. Bhattacharyya is a member of IEEE, IRSS and IAENG. He is a life member of OSI and ISTE, India.

Dr. Paramartha Dutta did his Bachelors and Masters in Statistics from the Indian Statistical Institute, Calcutta in the years 1988 and 1990 respectively. He afterwards completed his Master of Technology in Computer science from the same Institute in the year 1993 and Doctor of Philosophy in Engineering from the Bengal Engineering and Science University, Shibpur in 2005 respectively. He has served in the capacity of research personnel in various projects funded by Govt. of India, which include DRDO, CSIR, Indian Statistical Institute, Calcutta etc. Dr. Dutta is now a Professor in the Department of Computer and system Sciences of the Visva Bharati University, West Bengal, India. Prior to this, he served Kalyani Government Engineering College and College of Engineering in West Bengal as full time faculty members. He has coauthored four books and has also one edited book to his credit. He has published about hundred twenty papers in various journals and conference proceedings, both international and national. Presently, he is supervising four students for their Ph. D program registered with Visva Bharati University and West Bengal University of Technology. Dr. Dutta is a Life Fellow of the Optical Society of India (OSI), Computer Society of India (CSI), Indian Science Congress Association (ISCA), Indian Society for Technical Education (ISTE), Indian Unit of Pattern Recognition and Artificial Intelligence (IUPRAI) - the Indian affiliate of the International Association for Pattern Recognition (IAPR), Senior Member of Associated Computing Machinery (ACM), IEEE Computer Society, USA and LACSIT.
