# Table of Contents

Preface .................................................................................................................................................. xx

Chapter I  
Integrating the Fragmented Pieces of IS Research Paradigms and Frameworks:  
A Systems Approach .......................................................................................................................... 1  
*Manuel Mora, Autonomous University of Aguascalientes, Mexico*  
*Ovsei Gelman, National Autonomous University of Mexico, Mexico*  
*Guiseppe Forgionne, Maryland University, Baltimore County, USA*  
*Doncho Petkov, Eastern State Connecticut University, USA*  
*Jeimy Cano, Los Andes University, Colombia*

Chapter II  
*Steven Alter, University of San Francisco, USA*

Chapter III  
The Distribution of a Management Control System in an Organization ........................................... 36  
*Alfonso Reyes A., Universidad de los Andes, Colombia*

Chapter IV  
Making the Case for Critical Realism: Examining the Implementation  
of Automated Performance Management Systems ........................................................................ 55  
*Phillip Dobson, Edith Cowan University, Australia*  
*John Myles, Edith Cowan University, Australia*  
*Paul Jackson, Edith Cowan University, Australia*

Chapter V  
System-of-Systems Cost Estimation: Analysis of Lead System Integrator  
Engineering Activities .................................................................................................................. 71  
*Jo Ann Lane, University of Southern California, USA*  
*Barry Boehm, University of Southern California, USA*
Chapter VI
Mixing Soft Systems Methodology and UML in Business Process Modeling ........................................... 82
Kosheek Sewchurran, University of Cape Town, South Africa
Doncho Petkov, Eastern Connecticut State University, USA

Chapter VII
Managing E-Mail Systems: An Exploration of Electronic Monitoring and Control in Practice .......... 103
Aidan Duane, Waterford Institute of Technology (WIT), Ireland
Patrick Finnegan, University College Cork (UCC), Ireland

Chapter VIII
Information and Knowledge Perspectives in Systems Engineering and Management for Innovation and Productivity through Enterprise Resource Planning ......................................................... 116
Stephen V. Stephenson, Dell Computer Corporation, USA
Andrew P. Sage, George Mason University, USA

Chapter IX
The Knowledge Sharing Model: Stressing the Importance of Social Ties and Capital ................. 146
Gunilla Widén-Wulff, Åbo Akademi University, Finland
Reima Suomi, Turku School of Economics, Finland

Chapter X
A Meta-Analysis Comparing the Sunk Cost Effect for IT and Non-IT Projects ........................................ 169
Jijie Wang, Georgia State University, USA
Mark Keil, Georgia State University, USA

Chapter XI
E-Learning Business Risk Management with Real Options ................................................................. 187
Georgios N. Angelou, University of Macedonia, Greece
Anastasios A. Economides, University of Macedonia, Greece

Chapter XII
C. Ranganathan, University of Illinois at Chicago, USA
Sanjeev Jha, University of Illinois at Chicago, USA

Chapter XIII
Information Technology Industry Dynamics: Impact of Disruptive Innovation Strategy ........... 231
Nicholas C. Georgantzas, Fordham University Business Schools, USA
Evangelos Katsamakas, Fordham University Business Schools, USA
Chapter XIV
Modeling Customer-Related IT Diffusion

Shana L. Dardan, Susquehanna University, USA
Ram L. Kumar, University of North Carolina at Charlotte, USA
Antonis C. Stylianou, University of North Carolina at Charlotte, USA

Chapter XV
The Impact of Computer Self-Efficacy and System Complexity on Acceptance of Information Technologies

Bassam Hasan, The University of Toledo, USA
Jafar M. Ali, Kuwait University, Kuwait

Chapter XVI
Determining User Satisfaction from the Gaps in Skill Expectations Between IS Employees and their Managers

James Jiang, University of Central Florida, USA
Gary Klein, University of Colorado, USA
Eric T.G. Wang, National Central University, Taiwan

Chapter XVII
The Impact of Missing Skills on Learning and Project Performance

James Jiang, University of Central Florida, USA
Gary Klein, University of Colorado in Colorado Springs, USA
Phil Beck, Southwest Airlines, USA
Eric T.G. Wang, National Central University, Taiwan

Chapter XVIII
Beyond Development: A Research Agenda for Investigating Open Source Software User Communities

Leigh Jin, San Francisco State University, USA
Daniel Robey, Georgia State University, USA
Marie-Claude Boudreau, University of Georgia, USA

Chapter XIX
Electronic Meeting Topic Effects

Milam Aiken, University of Mississippi, USA
Linwu Gu, Indiana University of Pennsylvania, USA
Jianfeng Wang, Indiana University of Pennsylvania, USA

Chapter XX
Mining Text with the Prototype-Matching Method

A. Durfee, Appalachian State University, USA
A. Visa, Tampere University of Technology, Finland
H. Vanharanta, Tampere University of Technology, Finland
S. Schneberger, Appalachian State University, USA
B. Back, Åbo Akademi University, Finland
Chapter XXI
A Review of IS Research Activities and Outputs Using Pro Forma Abstracts.......................... 341

Francis Kofi Andoh-Baidoo, State University of New York at Brockport, USA
Elizabeth White Baker, Virginia Military Institute, USA
Santa R. Susarapu, Virginia Commonwealth University, USA
George M. Kasper, Virginia Commonwealth University, USA

Compilation of References ............................................................................................................. 357

About the Contributors .......................................................................................................................... 394

Index.................................................................................................................................................. 400
