Table of Contents

Preface................................................................................................................................. xvi

Section 1
Design Approaches and Interfaces

Chapter 1
Contextual Inquiry for a Climate Audio Interface ............................................................ 1
  Visda Goudarzi, University of Music and Performing Arts Graz, Austria

Chapter 2
Changing Paradigms in Our Interactions with Self-Service Kiosks ............................... 14
  Asli Günay, Middle East Technical University, Turkey
  Çiğdem Erbuğ, Middle East Technical University, Turkey
  Paul Hekkert, Delft University of Technology, The Netherlands
  Natalia Romero Herrera, Delft University of Technology, The Netherlands

Chapter 3
Multimodal User Interface in E-Learning Environments: A Proposed Architecture ...... 33
  André Constantino da Silva, UNICAMP, Brazil & IFSP –Campus Hortolândia, Brazil
  Heloísa Vieira da Rocha, UNICAMP, Brazil

Chapter 4
Constructionist Prototype Programming in a First Semester HCI Course for Engineering Students... 50
  Jacob Nielsen, University of Southern Denmark, Denmark
  Gunver Majgaard, University of Southern Denmark, Denmark

Chapter 5
Website Interaction between a Football Club and its Supporters: The Case of Sporting Clube de Portugal .................................................................................................................................. 72
  João Silva, University of Lisbon, Portugal
  Pedro Isaías, Universidade Aberta (Portuguese Open University), Portugal
Section 2
Inclusion and Accessibility

Chapter 6
Including Dyslexic Users in the Early Design of the LITERACY Portal
Renate Motschnig, University of Vienna, Austria
Domink Hagelkruys, University of Vienna, Austria
Ján Struhár, University of Vienna, Austria
Kamila Balharová, Pedagogical and Psychological Counseling Center Brno, Czech Republic

Chapter 7
Designing with Vulnerable Children: A Researcher’s Perspective
Alma Leora Culén, University of Oslo, Norway
Anna Karpova, University of Oslo, Norway

Chapter 8
Supporting Accessible User Interfaces Using Web Services
Georgios Bouloukakis, Inria Paris-Rocquencourt, France
Ioannis Basdekis, Institute of Computer Science – Foundation for Research and Technology – Hellas (ICS-FORTH), Greece
Constantine Stephanidis, Institute of Computer Science – Foundation for Research and Technology – Hellas (ICS-FORTH), Greece & University of Crete, Greece

Section 3
Emerging Technologies

Chapter 9
The Impact of Enterprise 2.0 on SMEs
Diogo Antunes, University of Lisbon, Portugal
Pedro Isaías, Universidade Aberta (Portuguese Open University), Portugal

Chapter 10
Visual IHME: Co-Designing Meaningful Places for Sustainability
Marketta Niemelä, VTT Technical Research Centre of Finland, Finland
Tuomo Kivinen, VTT Technical Research Centre of Finland, Finland
Minna Kulju, VTT Technical Research Centre of Finland, Finland
Antti Tammela, VTT Technical Research Centre of Finland, Finland
Veikko Ikonen, VTT Technical Research Centre of Finland, Finland
Heidi Korhonen, VTT Technical Research Centre of Finland, Finland

Chapter 11
Teaching Design of Emerging Embodied Technologies
Gunver Majgaard, University of Southern Denmark, Denmark

Section 4
Chapter 12
Augmented Reality Interfaces for Smart Objects in Ubiquitous Computing Environments ................. 208
A. W. W. Yew, National University of Singapore, Singapore
S. K. Ong, National University of Singapore, Singapore
A. Y. C. Nee, National University of Singapore, Singapore

Chapter 13
A Study of Mobile Guide Applications in Wayfinding Context ......................................................... 230
Yu-Horng Chen, University of Taipei, Taiwan
Yih-Shyuan Chen, St. John’s University, Taiwan

Section 5
User Experience

Chapter 14
The Impact of Perceived Visual Complexity, Gender, and Cognitive Style on Children’s Aesthetic Preferences for Learning Web Pages ................................................................. 248
Hsiu-Feng Wang, National Chiayi University, Taiwan
Pei-Yu Wang, National Chiayi University, Taiwan
Ching-Chih Liao, Ming Chuan University, Taiwan
Yu-Yin Lin, National Chiayi University, Taiwan

Chapter 15
Intermedia and Transmedia User Experience with Multi-Touch Apps .............................................. 266
Huberta Kritzenberger, Stuttgart Media University, Germany

Chapter 16
Length Perceptual Characteristics on Raised-Dot Slippages ............................................................... 286
Yoshihiko Nomura, Mie University, Japan
Kazuki Iwabu, Mie University, Japan

Compilation of References .................................................................................................................. 309

About the Contributors ....................................................................................................................... 337

Index .................................................................................................................................................. 346
