Chapter 6
Governance Theory and Practice: The Case of Europe ................................................................. 100
Stephen Rainey, Facultés Notre Dame de la Paix, Belgium

Chapter 7
The Practice of Naming and Shaming through the Publicizing of “Culprit” Lists....................... 117
Fereniki Panagopoulou-Koutmatzi, University of Piraeus and Peloponnese, Greece

Chapter 8
Citizen and Citizenship in the Era of Globalization: Theories and Aspects of the Classic and
Modern Citoyen ................................................................................................................................... 129
Christina M. Akrivopoulou, Democritus University of Thrace, Greece

Chapter 9
The Evolution of Business Ethics to Business Law........................................................................ 145
Ben Tran, Alliant International University, USA

Chapter 10
Education Attainment and Feminization of Labor Markets in Arab Countries with Comparisons to
Eastern and Central European Countries......................................................................................... 163
Fatima-Zohra Filali Adib, Al Akhawayn University, Morocco
Amale Achehboune, Al Akhawayn University, Morocco

Chapter 11
Ethics for eLearning: Two Sides of the Ethical Coin ................................................................. 182
Deb Gearhart, Ohio University, USA

Chapter 12
Students on the Rise: Learning with Immigrant Youth in Out-of-School Spaces of Community
Activism............................................................................................................................................ 195
Elizabeth Bishop, University of Pittsburgh, USA

Chapter 13
Intellectual Property Rights in Semi-Conductor Industries: An Indian Perspective ................. 214
Satish Chandra Tiwari, NSIT, India
Maneesha Gupta, NSIT, India
Mohammad Ayoub Khan, Government of India, India
A. Q. Ansari, Jamia Millia Islamia, India

Chapter 14
Lessons from the International Governance of Biotechnology ............................................... 228
Catherine Rhodes, University of Manchester, UK

Chapter 15
Ethics in the Design of Serious Games for Healthcare and Medicine.................................... 245
Pirashanthie Vivekananda-Schmidt, University of Sheffield, UK
Chapter 16
Online Research and Obtaining Human Subjects/IRB Approvals

Benjamin J. Bates, The University of Tennessee, USA
Ben Birch, The University of Tennessee, USA

Section 2
Development and Design Methodologies

This section explores the strategies professionals, leaders, and citizens employ when dealing with issues of Human Rights and Ethics. World leaders as well as those in business and industry must carefully consider how best to implement ethical practices into their respective environments. Such environments include education, data mining, data warehousing, and business, among others. The 15 chapters that make up this section explore the development and design methodologies that bridge the gap between fundamental concepts and real-world applications of Human Rights and Ethics.

Chapter 17
Creating a Sustainable Program for Ethics in Student Affairs: A Look at Climate, Assessment, and Curriculum

Christina Van Wingerden, Western Washington University, USA
Maureen Ellis, East Carolina University, USA
Theodore W. Pratt Jr., Western Washington University, USA

Chapter 18
Introducing Medical Humanities--Use of Humour for Teaching Ethics: A Pilot Study at Hamdard Institute of Medical Sciences and Research, Delhi

Ayesha Ahmad, Hamdard Institute of Medical Sciences & Research, India
Tamkin Khan, Aligarh Muslim University, India
Shridhar Dwivedi, Hamdard Institute of Medical Sciences & Research, India
Farah Kausar, Hamdard Institute of Medical Sciences and Research, India

Chapter 19
The Phenomenon of Peace in the Social Studies Curriculum in Turkey and Greece

Oğuzhan Karadeniz, Bülent Ecevit University, Turkey
Beytullah Kaya, Bülent Ecevit University, Turkey

Chapter 20
Improved Decision Support System to Develop a Public Policy to Reduce Dropout Rates for Four Minorities in a Society

Alberto Ochoa-Zezzatti, Juarez City University, Mexico
Saúl González, Juarez City University, Mexico
Fernando Montes, Juarez City University, Mexico
Seyed Amin, Technological Teheran University, Iran
Lourdes Margain, Polytechnic University of Aguascalientes, Mexico
Guadalupe Gutiérrez, Polytechnic University of Aguascalientes, Mexico
Chapter 21
Using Authentic Case Studies to Teach Ethics Collaboratively to School Librarians in Distance Education ................................................................................................................341
Lesley Farmer, College of Education, California State University, USA

Chapter 22
Ethical and Legal Data Mining: Paradigms of Organizational Development Practitioners and Organizational Psychologists ..............................................................................................................361
Ben Tran, Alliant International University, USA

Chapter 23
Automated Data Extraction from Online Social Network Profiles: Unique Ethical Challenges for Researchers ........................................................................................................................................389
Sophia Alim, Barnardos, Bradford, UK

Chapter 24
Crowdsourcing for Human Rights Monitoring: Challenges and Opportunities for Information Collection and Verification ................................................................................................................409
Jessica Heinzelman, The Fletcher School of Law & Diplomacy, USA
Patrick Meier, Stanford University and Ushahidi, USA

Chapter 25
Foreign Aid and Family at Risk: Role of Foreign Aid to Myanmar ..................................................................................................................425
Kana Takamatsu, International Christian University, Japan

Chapter 26
Enterprise Architecture of Sustainable Development: An Analytical Framework ..................................................................................................................440
Roberto Villarreal, United Nations, USA

Chapter 27
Business Ethics in Latin America and Its Impact on Sustained Economic Growth ..................................................................................................................484
Harish C. Chandan, Argosy University, USA

Chapter 28
Corporate Moral Agency and Artificial Intelligence ..........................................................................................................................505
Alan E. Singer, Appalachian State University, USA

Chapter 29
Orhan Güvenen, Bilkent University, Turkey & University of Paris – Pantheon, France
Volume II

Chapter 30
Affirmative Action in the United States and Positive Action in the European Union in the Context of Comparative Law

Anna-Maria Konsta, Aristotle University of Thessaloniki, Greece

Chapter 31
Paradigms of Governance: From Technocracy to Democracy

Sylvain Lavelle, Center for Ethics, Technology and Society, ICAM Paris-Sénart, France

Section 3
Utilization and Application

This section provides readers with examples and cases on a number of concepts imperative to Human Rights and Ethics. In many fields, ethics is a driving concern and must be considered as a critical factor in an organization's bottom line. Scenarios covered in this section include ethics in governance and public policy, cyberethics, business ethics, and the ethics of social networking and digital media. The 16 chapters in this section provide an in-depth examination of the utilization and application of the fundamental principles of Human Rights and Ethics.

Chapter 32
Counting the Unknown Victims of Political Violence: The Work of the Human Rights Data Analysis Group

Ann Harrison, Benetech Human Rights Data Analysis Group, USA

Chapter 33
A Case Study of Citizen-to-Government Mobile Activism in Jamaica: Protesting Violations of the Rule of Law with Smart Phones

Lloyd G. Waller, University of the West Indies (Mona), Jamaica
Cedric A. L. Taylor, Central Michigan University, USA

Chapter 34
Media Policy, Co-Existence, and Freedom of Speech

Ronald I. Cohen, Canadian Broadcast Standards Council, Canada

Chapter 35
Information and Communication Technologies, Democracy, and Human Rights in Nigeria

Joseph Wilson, University of Maiduguri, Nigeria
Nuhu Gapsiso, University of Maiduguri, Nigeria

Chapter 36
CyberEthics Case Study

Georgia Sakka, Youth Board of Cyprus, Cyprus
Iliada Spyrou, Cyprus Neuroscience & Technology Institute, Cyprus
Chapter 37
Understanding ICT: The Potential and Challenges for the Empowerment of Rural Women in Bangladesh

Nazmunnessa Mahtab, University of Dhaka, Bangladesh
Nehal Mahtab, Leeds Metropolitan University, UK

Chapter 38
Privacy and Data Protection towards Elderly Healthcare

Ângelo Costa, University of Minho, Portugal
Francisco Andrade, University of Minho, Portugal
Paulo Novais, University of Minho, Portugal

Chapter 39
Using Web Surveys for Psychology Experiments: A Case Study in New Media Technology for Research

Blaine F. Peden, University of Wisconsin, USA
Andrew M. Tiry, University of Wisconsin, USA

Chapter 40
Cultural Adaptation of E-Learning Courseware: An Ethics and Compliance Example

Randall Stieghorst, Language & Culture Worldwide, LLC, USA
Andrea Edmundson, eWorld Learning, Inc., USA

Chapter 41
The Ethical Dilemmas of Social Networking Sites in Classroom Contexts

Glenn Auld, Deakin University, Australia
Michael Henderson, Monash University, Australia

Chapter 42
Disclosure Alignment and Transparency Signaling in CSR Reports

Craig E. Carroll, New York University, USA
Sabine A. Einwiller, Johannes Gutenberg University, Germany

Chapter 43
CSR for Retailers’ Led Channel Relationships: Evidence from Italian SME Manufacturers

Fabio Musso, University of Urbino, Italy
Mario Risso, University of Rome “Tor Vergata”, Italy

Chapter 44
CSR as a Strategic Management Tool: Expectations and Realities of Two MNCs in Nigeria

Edwin M. Agwu, Manchester Business School, UK
Agnes R. Taylor, Coventry University, UK

Chapter 45
The Ethics of Tax Evasion: A Case Study of Brazil

Robert W. McGee, Fayetteville State University, USA
Chapter 46
Attitudes toward Bribery: A Case Study of Brazil

Robert W. McGee, Fayetteville State University, USA

Chapter 47
Business Ethics in Emerging Economies: Identifying Game-Theoretic Insights for Key Issues

Duane Windsor, Rice University, USA

Section 4
Managerial Impact

This section builds off the final chapters of Section Three to explore how managers and leaders can recognize Human Rights and Ethics in everyday business practices. As the heads of their respective organizations, leaders are under greater public scrutiny than their subordinates, and public opinion can greatly impact success in any environment. From ethical leadership in business and politics to social responsibility and established codes of conduct, this section provides managers with the tools to understand ethical leadership policies and practices. This section’s 12 chapters examine the managerial impact of key topics in the field of Human Rights and Ethics.

Chapter 48
Ethics and Leadership: The Role of Prevention and Promotion Oriented Approaches to Leadership

Nathan S. Hartman, Illinois State University, USA

Thomas A. Conklin, Georgia State University, USA

Chapter 49
Ethical Leadership Styles of Future Managers in Central and Eastern European Countries

Anna Remišová, Comenius University, Slovakia

Anna Lašáková, Comenius University, Slovakia

Chapter 50
Development of the Leader Integrity Assessment

J. Alan Marshall, United States Air Force, USA

Chapter 51
Examining the 21st Century Workforce Leaders’ Perceptions of Ethical Leadership and Organizational Health

Gregory C. Petty, University of Tennessee, USA

Jessica H. Chambers, University of Tennessee, USA

Chapter 52
Key Issues for Training the Leaders, Managers, and Planners who Join the Peacekeeping Operations and Working in Chaos Environment

Haydar Ateş, TUA, Hacettepe University, Turkey

Chapter 53
Chapter 54
The Relationship between Islamic Religion and Ethical Leadership: The Case of Kuwaiti Private Sector

Terki Alazmi, Gulf University for Science & Technology, Kuwait

Chapter 55
Enabling Democratic Local Governance through Rural E-Municipalities in Kyrgyzstan

Zamira Dzhusupova, United Nations University- IIST, China

Chapter 56
The Social Responsibility: Conceptual Interferences and Motivational Factors Specific to Corporations

Mirela Matei, Petroleum and Gas University of Ploiesti, Romania
Ioan Done, Petroleum and Gas University of Ploiesti, Romania

Chapter 57
Decision Making in SMEs: Insights from Business Ethics and Entrepreneurship

Gizem Öksüzoğlu-Güven, University of Mediterranean Karpasia, Northern Cyprus

Volume III

Chapter 58
The Code of Ethics and Workplace Behaviors: Implications for Leadership and Cultivating Ethical Leaders for Tomorrow’s Academic Libraries

Kaetrena Davis Kendrick, University of South Carolina – Lancaster, USA
Echo Leaver, University of South Carolina – Aiken, USA

Chapter 59
Addressing Work Ethic in the New Century

Victor C. X. Wang, Florida Atlantic University, USA
Susan K. Dennett, Northwood University, USA

Section 5
Organizational and Social Implications

This section covers Human Rights and Ethics from the perspective of those most affected by ethical violations in business, politics, and technology. With political turmoil taking place around the world and scandals of insider trading emerging in even the most respected of business organizations, ethics has become a primary concern of the twenty-first century. Corporate social responsibility, morality, and the preservation of human rights as a fundamental tenant of society are important considerations in the present age. In these 13 chapters, readers will find an in-depth discussion of some of the most pressing organizational and social implications of Human Rights and Ethics.

Chapter 60
Work Ethics Perceptions of Pakistani Employees: Is Work Experience a Factor in Ethical Maturity ........................................................................................................ 1106
Razia Begum, College of Home Economics, University of Peshawar, Pakistan Bahaudin G. Mujtaba, H. Wayne Huizenga School of Business and Entrepreneurship, Nova Southeastern University, USA

Chapter 61
Corporate Social Responsibility (CSR) as a People Caring Concept............................................ 1119
Pinelopi Athanasopoulou, University of Peloponnese, Greece

Chapter 62
Ethical Issues of ‘Morality Mining’: Moral Identity as a Focus of Data Mining............................... 1146
Markus Christen, University of Zürich, Switzerland & University of Notre Dame, USA
Mark Alfano, Princeton University, USA & University of Oregon, USA
Endre Bangerter, Bern University of Applied Sciences, Switzerland
Daniel Lapsley, University of Notre Dame, USA

Chapter 63
Internet Companies and the Great Firewall of China: Google’s Choices ..................................... 1167
Richard A. Spinello, Boston College, USA

Chapter 64
The Un/Acceptability of Virtual Moral Practices: An Empirical and Ethical Inquiry ..................... 1183
Katleen Gabriels, iMinds-SMIT, Vrije Universiteit Brussel, Belgium

Chapter 65
Robotic Technologies and Fundamental Rights: Robotics Challenging the European Constitutional Framework........................................................................................................ 1198
Bert-Jaap Koops, Tilburg Institute for Law, Technology, and Society, The Netherlands
Angela Di Carlo, Scuola Superiore Sant’Anna, Italy
Luca Nocco, Scuola Superiore Sant’Anna, Italy
Vincenzo Casamassima, Scuola Superiore Sant’Anna, Italy
Elettra Stradella, University of Pisa, Italy

Chapter 66
E-Justice in Administrative Process: Insights from Lithuanian Landscape.................................... 1220
Tatjana Bilevičienė, Mykolas Romeris University, Lithuania
Eglė Bilevičiūtė, Mykolas Romeris University, Lithuania

Chapter 67
Fiji: Violence against Women – Identifying and Combating Structural Discrimination that Furthers Sexual and Gender-Based Violence (SGBV) ................................................................. 1246
Hansdeep Singh, International Center for Advocates Against Discrimination, USA
Jaspreet Singh, International Center for Advocates Against Discrimination, USA
Marjory D. Fields, Beldock Levine & Hoffman LLP, USA
Chapter 68
Right to Governance and Right to Collective Bargaining: In the Background of the Specified Right to Strike as Fundamental Right and Positive Obligation of the Slovak Republic
Branislav Fridrich, Comenius University in Bratislava, Slovakia
Lucia Mokrá, Comenius University in Bratislava, Slovakia

Chapter 69
Facilitating the Egyptian Uprising: A Case Study of Facebook and Egypt’s April 6th Youth Movement
Mariam F. Alkazemi, University of Florida, USA
Brian J. Bowe, Michigan State University, USA
Robin Blom, Michigan State University, USA

Chapter 70
Globalization and Library and Information Science: Ethical Challenges
Ismail Abdullahi, North Carolina Central University, USA

Chapter 71
Studying Professional Degrees via the Internet: Challenges, Issues, and Relevance from the Student’s Perspective
Kirk P. H. Sullivan, Umeå University, Sweden

Chapter 72
The Role of the Researcher in Making Serious Games for Health
Pamela M. Kato, University Medical Center Utrecht, The Netherlands

Section 6
Tools and Technologies
This section evaluates the rise of information and communication science as a vehicle for, and liability to, Human Rights and Ethics. Technologies of all sorts have the potential for misuse, and learning how to guard against malpractice is an imperative consideration of any scientifically advanced society. This section describes technologies such as information security, robotics, human enhancement, and ICTs, and how these advances impact the ethics of society as a whole. With 17 chapters, this section offers a broad treatment of some of the many tools and technologies within Human Rights and Ethics.

Chapter 73
Ethical Issues of Emerging ICT Applications
Bernd Carsten Stahl, De Montfort University, UK

Chapter 74
Human Rights and Technology: Lessons from Alice in Wonderland
Judith Dueck, The University of Winnipeg Global College, Canada
Michael Rempel, Software Architect, Canada

Chapter 75
Health Information Technology and Human Rights
Shane O’Hanlon, University of Limerick, Ireland
Chapter 76
Human Enhancing Technologies and Individual Privacy Right ......................................................... 1393
   Joanna Kulesza, University of Lodz, Poland

Chapter 77
The Relevance of Value Theory for the Ethical Discussion of Human Enhancement ..................... 1408
   Tobias Hainz, Hannover Medical School, Germany

Chapter 78
Of Robots and Simulacra: The Dark Side of Social Robots ........................................................... 1424
   Pericle Salvini, Istituto di BioRobotica, Italy

Chapter 79
Decoding What is Good in Code: Toward a Metaphysical Ethics of Unicode ................................ 1435
   Jennifer Helene Maher, University of Maryland, Baltimore County, USA

Chapter 80
ICTs and Their Impact on Women’s Roles and Evolution within Developing Societies ................... 1452
   Ana-Cristina Ionescu, Chamber of Commerce and Industry of Romania, Romania

Chapter 81
Governance in Technology Development ......................................................................................... 1474
   Aygen Kurt, Middlesex University, UK & London School of Economics, UK
   Penny Duquenoy, Middlesex University, UK

Chapter 82
Revolution 2.0: New Media and the Transformation of the Egyptian Political and Communication Landscapes ......................................................................................................................... 1491
   Sahar Khamis, University of Maryland, USA

Chapter 83
Use of New ICTs as “Liberation” or “Repression” Technologies in Social Movements: The Need to Formulate Appropriate Media Policies ................................................................................. 1505
   Brandie L. Martin, The Pennsylvania State University, USA
   Anthony A. Olorunnisola, The Pennsylvania State University, USA

Chapter 84
ICT for Social Inclusion and Equal Opportunities: CETI-D, An E-Governance Good Practice in Brazil ......................................................................................................................................................... 1521
   Danilo Piaggesi, Fondazione Rosselli Americas, USA
   Walter Castelnovo, University of Insubria, Italy
   Linamara Rizzo Battistella, Sao Paulo State Secretariat for the Rights of People with Disabilities, Brazil
This section takes a close look at Human Rights and Ethics to determine which new technologies and practices are most effective in ensuring equality and security. Perhaps more so than any other discipline, ethics is a difficult field to discuss due to its tendency toward subjective or even contradictory moral practices. Successfully evaluating topics such as privacy, freedom, legality, and security is crucial to ensuring the wellbeing of any civilized society. In this section, 14 chapters explore some of the critical issues driving advances in Human Rights and Ethics.

Chapter 90
Ethics, Media, and Reasoning: Systems and Applications ................................................................. 1638
Mahmoud Eid, University of Ottawa, Canada

Chapter 91
URL Manipulation and the Slippery Slope: The Case of the Harvard 119 Revisited .................. 1648
Michael E. Whitman, Coles College of Business, Kennesaw State University, USA
Humayun Zafar, Coles College of Business, Kennesaw State University, USA
Chapter 92
Negotiating Boundaries between Control and Dissent: Free Speech, Business, and Repressitarian Governments

Brian J. Bowe, Grand Valley State University, USA
Robin Blom, Michigan State University, USA
Eric Freedman, Michigan State University, USA

Chapter 93
The Right to Anonymity in Political Activities: A Comparative Look at the Notion of Political Surveillance

Knut Fournier, Université de Versailles Saint-Quentin-en-Yvelines, France

Chapter 94
The Developmental Effect of a New Political Anomaly on the Oldest ICT: A Critique of the Banning of Short Wave Radios in Zimbabwe

Sam Takavarasha Jr., University of Zimbabwe, Zimbabwe
Eldred V. Masunungure, University of Zimbabwe, Zimbabwe

Chapter 95
A Moral Analysis of Effective Prediction Markets on Terrorism

Dan Weijers, Victoria University of Wellington, New Zealand
Jennifer Richardson, Victoria University of Wellington, New Zealand

Chapter 96

John Ubena, Stockholm University, Sweden

Chapter 97
Memory, National Identity, and Freedom of Expression in the Information Age: Discussing the Taboo in the Zimbabwean Public Sphere

Shepherd Mpofu, University of the Witwatersrand, South Africa

Chapter 98
Freedom, Equality and the Quality of Democracy: Democratic Life in the United States, Australia, Sweden and Germany

Thorsten D. Barth, Vienna Democracy Ranking Association, Austria

Chapter 99
Dignity as the Ultimate Boundary to the Freedom of Speech: An Account of Jeremy Waldron’s “Harm in Hate Speech” Argument

Christina M. Akrivopoulou, Hellenic Open University, Greece

Chapter 100
Can Sex Workers Claim Human Rights in India?

Pallavi Gupta, Vivekananda Institute of Professional Studies, India
Section 8
Emerging Trends

This section discusses how Human Rights and Ethics is evolving as a discipline in the face of new technologies and growing demands from various sectors and industries. As technologies continue to develop and evolve, leaders and policymakers must carefully evaluate best practices to ensure the proper use of new advances for the betterment of society as a whole. This section considers new technologies such as digitization, robotics, and human enhancement, to name a few. The final 13 chapters of this extensive four-volume reference conclude with a detailed look at emerging trends in the field of Human Rights and Ethics.

Chapter 104
Broadening the Scope of Ethical Consumer Behaviour: A Study on Five Precepts of Buddhism... 1887
J. W. Dushan Chaminda, University of Sri Jayewardenepura, Sri Lanka
Nilanthi Ratnayake, Hull University Business School, University of Hull, UK

Chapter 105
Preparing Business and Information Technology Students to Contribute to Organizational Cultures Grounded in Moral Character................................................................. 1901
William I. Sauser Jr., College of Business, Auburn University, USA
Ronald R. Sims, College of William and Mary, USA

Chapter 106
Opportunities for Enhancing Ethical Climates in Online Courses: Best Practices for Reducing Student Cheating ................................................................. 1924
Robyn Hulsart, Austin Peay State University, USA
Vikkie McCarthy, Austin Peay State University, USA

Chapter 107
The Legal Challenges of the Information Revolution and the Principle of “Privacy by Design” .... 1936
Ugo Pagallo, University of Turin, Italy

Chapter 108
Human Rights Defenders and the Right to Digital Privacy and Security................................. 1957
Tanya Notley, Tactical Technology Collective, Germany
Stephanie Hankey, Tactical Technology Collective, Germany
Chapter 109
Knowing Protection of Intellectual Contents in Digital Era .......................................................... 1975
Priyanka Vishwakarma, Banaras Hindu University, India
Bhaskar Mukherjee, Guru Ghasidas University, India

Chapter 110
Reuse of Excess Research Data for New Researches ................................................................. 1993
Amiram Porath, College for Academic Studies, Israel

Chapter 111
A Paradigm Shift in Swedish Electronic Surveillance Law .......................................................... 2006
Mark Klamberg, Stockholm University, Sweden

Chapter 112
E-Government Strategies in Sub-Saharan Africa: Failures and Successes .................................. 2033
Stephen Mutula, University of KwaZulu Natal, South Africa
Gbolahan Olasina, University of KwaZulu Natal, South Africa

Chapter 113
A Customised Dataset to Assist Legal and Ethical Governance of Seaports ............................. 2049
Ana Ximena Halabi Echeverry, Macquarie University, Australia & Universidad de La Sabana, Colombia
Deborah Richards, Macquarie University, Australia

Chapter 114
Military Robots and the Question of Responsibility ................................................................. 2068
Lambèr Royakkers, School of Innovation Sciences, Eindhoven University of Technology, The Netherlands
Peter Olsthoorn, Netherlands Defence Academy, The Netherlands

Chapter 115
The Ethics of Seeking Body Perfection, with Continual Reference to Heidi Montag .................. 2083
Brett Lunceford, Independent Researcher, USA

Chapter 116
Redefining the Boundaries of Humanity and the Human Body: From Homo Sapiens to Homo Technicus ................................................................. 2112
José M. Galván, Pontificia Università della Santa Croce, Italy
Rocci Luppicini, University of Ottawa, Canada

Index ........................................................................................................................................... xxviii
