Acknowledgment

The editors would like to thank the chapter authors who developed quality chapters for this book. Without their efforts, this publication would not have been possible. We would also like to thank Prof. Vijayan Sugumaran, the series editor of IGI Advances in Systems Analysis, Software Engineering, and High Performance Computing for accepting our book proposal. Special thanks are also due to IGI staff for their continuous support throughout the publication process of this text. Grateful thanks to the members of the advisory board and chapter reviewers for their efforts in reviewing the manuscripts and suggestions to improve the manuscripts.
