# Table of Contents

Foreword ............................................................................................................................................. xiv  
Preface ............................................................................................................................................... xvii  
Acknowledgment ............................................................................................................................. xxii

## Section I  
Models

### Chapter I  
Knowledge Sharing: Interactive Processes Between Organizational Knowledge-Sharing Initiative and Individuals’ Sharing Practice .......................................................... 1  
*Shuhua Liu, University of Washington, USA*

### Chapter II  
The Centrality of Team Leaders in Knowledge-Sharing Activities:  
Their Dual Role as Knowledge Processors ...................................................................................... 24  
*Evangelia Siachou, Athens University of Economics and Business, Greece*  
*Anthony Ioannidis, Athens University of Economics and Business, Greece*

### Chapter III  
Knowledge Sharing in Virtual and Networked Organisations in Different Organisational and National Cultures ................................................................. 45  
*Kerstin Siakas, Alexander Technological Educational Institution of Thessaloniki, Greece*  
*Elli Georgiadou, University of Middlesex, UK*

### Chapter IV  
Towards an Implicit and Collaborative Evolution of Terminological Ontologies ......................... 65  
*Axel-Cyrille Ngonga Ngomo, University of Leipzig, Germany*

### Chapter V  
Computer-Mediated Knowledge Sharing ......................................................................................... 89  
*Kimiz Dalkir, McGill University, Canada*
Chapter VI
Understanding Knowledge Transfer on the Net: Useful Lessons from the Knowledge Economy ................................................................. 110

Ettore Bolisani, University of Padua, Italy

Chapter VII
Knowledge-Sharing Motivation in Virtual Communities ................................................................. 129

Jengchung V. Chen, National Cheng Kung University, Taiwan
J. Michael Tarn, Western Michigan University, USA
Muhammad A. Razi, Western Michigan University, USA

Section II
Applications

Chapter VIII
Opportunities and Obstacles to Narrow the Digital Divide: Sharing Scientific Knowledge on the Internet .................................................. 146

Margarita Echeverri, University of Maryland, USA & Tulane University, USA
Eileen G. Abels, Drexel University, USA

Chapter IX
Knowledge Exchange in Electronic Networks of Practice: An Examination of Knowledge Types and Knowledge Flows ........................................ 172

Molly McLure Wasko, Florida State University, USA
Samer Faraj, McGill University, Canada

Chapter X
Knowledge Sharing Through Interactive Social Technologies:
Development of Social Structures in Internet-Based Systems over Time .................................. 195

Isa Jahnke, Dortmund University of Technology, Germany

Chapter XI
Information Technology in Times of Crisis: Considering Knowledge Management for Disaster Management .................................................. 219

Kalpana Shankar, Indiana University, USA
David J. Wild, Indiana University, USA
Jaesoon An, Indiana University, USA
Sam Shoulders, Indiana University, USA
Sheetal Narayanan, Indiana University, USA
Chapter XII
Managing Knowledge-Based Complexities Through Combined Uses of Internet Technologies ................................................................. 241

Cécile Godé-Sanchez, Research Center of the French Air Force, France
Pierre Barbaroux, Research Center of the French Air Force, France

Chapter XIII
Leading Firms as Knowledge Gatekeepers in a Networked Environment ................................................................. 260

Deogratias Harorimana, Southampton Solent University, UK

Chapter XIV
The Role of Knowledge Mediators in Virtual Environments ................................................................. 282

Enrico Scarso, University of Padua, Italy

Chapter XV
Knowledge Management in Virtual Enterprises: Supporting Frameworks and Enabling Web Technologies ................................................................. 302

Stavros T. Ponis, National Technical University Athens, Greece
George Vagenas, National Technical University Athens, Greece
Ilias P. Tatsiopoulos, National Technical University Athens, Greece

Chapter XVI
Sharing and Protecting Knowledge: New Considerations for Digital Environments ................................................................. 325

G. Scott Erickson, Ithaca College, USA
Helen N. Rothberg, Marist College, USA

Chapter XVII
Identifying Knowledge Values and Knowledge Sharing Through Linguistic Methods:
Application to Company Web Pages ................................................................. 340

June Tolsby, Ostfold University College, Norway

Compilation of References .............................................................................................................. 358

About the Contributors ................................................................................................................... 396
