Acknowledgment

The editors will like to acknowledge the help of all the people involved in this project. Without their support, this book will not have been published.

Our sincere gratitude goes to the chapter authors who contributed their time and expertise to this book. The editors would also like to acknowledge the valuable contributions of the reviewers in improving the quality, coherence, and content presentation of the chapters. As most of the reviewers were also authors, we recognize the additional work that they have done for this project.

The Editorial Advisory Board has been supportive of this project, and the editors would like to thank each and every one of them. The editors would also like to thank Dr. Ruth Crabtree and Dr. Paul Jonson for writing the forewords to this book. Last but not least, we would like to thank the Editorial Team at IGI Global, especially Hayley Kang, for providing the editorial assistance and guidance necessary to put this book together.
