# Table of Contents

Preface ................................................................................................................................................................. xv

Introduction .......................................................................................................................................................... xvii

## Section 1
### Introduction to Systems

**Chapter 1**
Distributed Interoperability in Heterogeneous Cloud Systems........................... 1

*José C. Delgado, Universidade de Lisboa, Portugal*

## Section 2
### Resource Management

**Chapter 2**
Network-Aware Virtual Machine Placement and Migration in Cloud Data Centers........ 42

*Md Hasanul Ferdaus, Monash University, Australia*

*Manzur Murshed, Federation University, Australia*

*Rodrigo N. Calheiros, The University of Melbourne, Australia*

*Rajkumar Buyya, The University of Melbourne, Australia*

**Chapter 3**
Cloudlet-Based Cyber-Foraging in Resource-Limited Environments............................... 92

*Grace A. Lewis, Carnegie Mellon Software Engineering Institute, USA*

*Sebastián Echeverría, Carnegie Mellon Software Engineering Institute, USA*

*Soumya Simanta, Carnegie Mellon Software Engineering Institute, USA*

*James Root, Carnegie Mellon Software Engineering Institute, USA*

*Ben Bradshaw, Carnegie Mellon Software Engineering Institute, USA*

**Chapter 4**
Energy-Saving QoS Resource Management of Virtualized Networked Data Centers for Big Data Stream Computing ................................................................. 122

*Nicola Cordeschi, “Sapienza” University of Rome, Italy*

*Mohammad Shojafar, “Sapienza” University of Rome, Italy*

*Danilo Amendola, “Sapienza” University of Rome, Italy*

*Enzo Baccarelli, “Sapienza” University of Rome, Italy*
Section 3
Control and Monitoring

Chapter 5
Application-Level Monitoring and SLA Violation Detection for Multi-Tenant Cloud Services ...... 157
Vincent C. Emeakaroha, University College Cork, Ireland
Marco A. S. Netto, IBM Research, Brazil
Ivona Brandic, Vienna University of Technology, Austria
César A. F. De Rose, PUCRS, Brazil

Chapter 6
Rafael Ferreira da Silva, University of Southern California, USA
Tristan Glatard, University of Lyon, France & McGill University, Canada
Frédéric Desprez, University of Lyon, France

Chapter 7
On Controlling Elasticity of Cloud Applications in CELAR ................................................................. 222
Georgiana Copil, Vienna University of Technology, Austria
Daniel Moldovan, Vienna University of Technology, Austria
Hung Duc Le, Vienna University of Technology, Austria
Hong-Linh Truong, Vienna University of Technology, Austria
Schahram Dustdar, Vienna University of Technology, Austria
Chrystalla Sofokleous, University of Cyprus, Cyprus
Nicholas Louloudes, University of Cyprus, Cyprus
Demetris Trihinas, University of Cyprus, Cyprus
George Pallis, University of Cyprus, Cyprus
Marios D. Dikaiakos, University of Cyprus, Cyprus
Ioannis Giannakopoulos, National University of Athens, Greece
Nikolaos Papatheou, National University of Athens, Greece
Ioannis Konstantinou, National University of Athens, Greece
Craig Sheridan, FLEXIANT, UK
Christos K. K. Loverdos, Greek Research and Technology Network, Greece
Evangelos Floros, Greek Research and Technology Network, Greece
Kam Star, Playgen, UK
Wei Xing, CRUK Manchester Institute, UK

Section 4
Concurrency and Models

Chapter 8
Parallel Programming Models and Systems for High Performance Computing ......................... 254
Manjunath Gorentla Venkata, Oak Ridge National Laboratory, USA
Stephen Poole, Oak Ridge National Laboratory, USA
Section 5
Applications

Chapter 9
Cloud-Based Computing Architectures for Solving Hot Issues in Structural Bioinformatics .......... 294
Dariusz Mrozek, Silesian University of Technology, Poland

Chapter 10
Cloud-Based Healthcare Systems: Emerging Technologies and Open Research Issues ............. 315
Ahmed Shawish, Ain Shams University, Egypt
Maria Salama, British University in Egypt, Egypt

Section 6
Security

Chapter 11
Access Control in Cloud Computing .............................................................................................. 340
Qianqian Zhao, Xidian University, China
Maode Ma, Nanyang Technological University, Singapore
Yuqing Zhang, Xidian University, China
Bingsheng He, Nanyang Technological University, Singapore

Chapter 12
Security of the Cloud ......................................................................................................................... 363
Khalid Al-Begain, University of South Wales, UK
Michal Zak, University of South Wales, UK
Wael Alosaimi, University of South Wales, UK
Charles Turyagyenda, University of South Wales, UK

Compilation of References ................................................................................................................. 405
About the Contributors ......................................................................................................................... 434
Index .................................................................................................................................................. 444
