Acknowledgment

First and foremost, the editor would like to thank each one of the authors for their contributions. His sincere gratitude goes to the authors who contributed their time and expertise to this book.

The editor also wishes to acknowledge the valuable contributions of the reviewers regarding the improvement of quality, coherence, and content presentation of chapters. Without their support, this book would not have become a reality.

To Dr. Helen E. Muga, the editor’s esteemed colleague and friend; he wishes to express a multitude of thanks for writing the foreword to this volume.

The editor would like to give a heartfelt thank you to his IGI Global Editorial Assistant, Mr. Austin Demarco, for his unwavering patience and support through an arduous process.

Finally, the editor would like to express gratitude for the support of his affiliate institution: The Honors College & Biosystems Engineering Department, Auburn University, Auburn, Alabama, USA.
