Case Studies on Information Technology in Higher Education: Implications for Policy and Practice

Table of Contents

Preface .................................................................................................................................................. i

Chapter 1 Introduction ...................................................................................................................... 1
Lisa A. Petrides, Teachers College, Columbia University

Section I: PLANNING AND MANAGEMENT PROCESSES

Chapter 2 Designing and Implementing a Learning Organization-Oriented Information Technology Planning and Management Process .......... 7
James I. Penrod, University of Memphis
Ann F. Harbor, University of Memphis

Chapter 3 Penn State’s World Campus©: Mainstreaming a Virtual Campus Initiative ................................................................. 20
James H. Ryan, Pennsylvania State University
Gary E. Miller, Pennsylvania State University

Chapter 4 Policy Processes for Technological Change ................................................................. 34
Richard Smith, Simon Fraser University
Brian Lewis, Simon Fraser University
Christine Massey, Simon Fraser University

Chapter 5 Information Management in Higher Education Administration:
A Slow Drive on the Information Superhighway ......................................................... 43
Gunapala Edirisooriya, East Tennessee State University

Chapter 6 Development of a New University-Wide Course Management System ........................................................ 55
Ali Jafari, Indiana University Purdue University Indianapolis
Chapter 7  The Selection and Implementation of a Web Course Tool at the University of Texas at Austin .............................................................. 66
Mark Lowry Decker, University of Texas
Morrie Schulman, University of Texas
Christopher Blandy, Human Code Inc.

Section II: IMPACT ON PEOPLE AND CULTURE

Chapter 8  Access to Internet-Based Instruction for People with Disabilities ...... 76
Sheryl Burgstahler, University of Washington

Chapter 9  Social Impacts of Computer-Mediated Communication on Strategic Change Processes ................................................................. 89
Dubravka Cecez-Kecmanovic, University of Western Sydney Hawkesbury
Andy Busuttil, University of Western Sydney Hawkesbury

Chapter 10 Implementing Relational Database Systems: Implications for Administrative Cultures and Information Resource Management ... 102
Andreea M. Serban, Santa Barbara City College
Gregory A. Malone, Cabrillo College

Chapter 11 The Politics of Information Management ........................................ 118
Lisa A. Petrides, Teachers College, Columbia University
Sharon Khanuja-Dhall, Teachers College, Columbia University
Pablo Reguerin, Teachers College, Columbia University

Chapter 12 Risks and Rewards: Good Citizenship and Technologically Proficient Faculty ........................................................................ 128
Scott R. Sechrist, Old Dominion University
Dorothy E. Finnegan, College of William and Mary

Section III: TEACHING AND LEARNING

Chapter 13 Higher Education Culture and the Diffusion of Technology in Classroom Instruction ................................................................. 144
Kandis M. Smith, University of Missouri

Chapter 14 The Impact of Information Technology on Roles and Role Processes in Small Groups ........................................................................ 157
Robert Heckman, Syracuse University
Dave Maswick, Bard College
Jamie Rodgers, Syracuse University
Kevin Ruthen, Syracuse University
Gary Wee, Syracuse University
Chapter 15  The International Negotiation Modules Project: Using Computer-Assisted Simulation to Enhance Teaching and Learning Strategies in the Community College ................................. 168
Rosalind Latiner Raby, California State University, Northridge
Joyce P. Kaufman, Whittier College

Chapter 16  The Harvey Project: Open Course Development and Rich Content ................................................................. 185
Robert S. Stephenson, Wayne State University

Chapter 17  The Role of Computers and Technology in Health Care Education ................................................................. 195
Jan K. Hart, University of Arkansas for Medical Sciences

Section IV: REFLECTIONS ON A CHANGING ENVIRONMENT

Chapter 18  Why Not Reengineer Traditional Higher Education? ............... 209
Zane L. Berge, University of Maryland—Baltimore County

Chapter 19  Forces of Change: The Emergence of a Knowledge Society and New Generations of Learners ................................................................. 217
Bizhan Nasseh, Ball State University

Chapter 20  Adopting Information Technologies for Instructional Environments ........................................................................ 228
Siva Kumari, University of Houston

Chapter 21  Fostering a Technology Cultural Change: The Changing Paradigms at the University of Minnesota Crookston ............................................. 240
Dan Lim, University of Minnesota Crookston

About the Authors ............................................................................................................................................... 247

Index .................................................................................................................................................................. 255
