Acknowledgment

The editors of this book sincerely thank Dr. Jian Cheng, Prof. Yongsheng Gao, Prof. Edwin Hancock, Dr John La Salle, Prof. Arturo Sanchez Azofeifa, and Prof. Jingyu Yang for serving as members of the Editorial Advisory Board. They contributed valuable ideas and suggestions to the scope of the book, chapter review and editing process, and after reading the preprint of the book. Without their help, this book will not be in its current form.

We also would like to show our gratitude to the reviewers of book chapters, who are very supportive to our project. They carefully read assigned chapters, and gave helpful feedbacks and suggests to the authors. In some cases, they were only given very short period of time to undertake chapter review, but all of them completed those tasks on time. These reviewers are Douglas Brown, Jian Cheng, Li Cheng, Nicholas Dahm, Yuchao Dai, Zhouyu Fu, Lin Gu, Xumin He, Cong Phuoc Huynh, Pattaraporn Khuwuthyakorn, Yi Li, Jie Liang, Changhong Liu, Mark Pickering, Chunhua Shen, Zhenqiu Shu, Lei Tong, Lei Wang, Muhammad Uzair, Xun Yu, Qianyi Zhao, and Ali Zia.

Finally but not least, thanks are also going to Caitlyn Martin, the Development Editor from IGI Global, for giving guidance and providing templates on the editing of this book, helping compile and correcting each chapter to ensure the high quality of the book. We sincerely thank the Development Division at IGI Global for publishing this book.
