Foreword by Andreas Schleicher ........................................................................................................ xxviii
Foreword by Chris Dede .................................................................................................................... xxx
Preface ............................................................................................................................................. xxxiii
Acknowledgment ........................................................................................................................... xxxviii

Volume I

Section 1
Defining Real-World Skills in Technology-Rich Environments

Chapter 1
Twenty First Century Skills vs. Disciplinary Studies? ................................................................. 1
   Lars Vavik, Stord/Haugesund University College, Norway
   Gavriel Salomon, Hiqfa University, Israel

Chapter 2
Digital Competence: A Net of Literacies ...................................................................................... 13
   Edith Avni, Toward Digital Ethics Initiative, Israel
   Abraham Rotem, Toward Digital Ethics Initiative, Israel

Chapter 3
The Application of Transdisciplinary Theory and Practice to STEM Education ................... 42
   Susan Malone Back, Texas Tech University, USA
   Heather Greenhalgh-Spencer, Texas Tech University, USA
   Kellilynn M. Frias, Texas Tech University, USA
Chapter 4
The SOAR Strategies for Online Academic Research: Helping Middle School Students Meet New Standards

Carolyn Harper Knox, University of Oregon, USA
Lynne Anderson-Inman, University of Oregon, USA
Fatima Terrazas-Arellanes, University of Oregon, USA
Emily Deanne Walden, University of Oregon, USA
Bridget Hildreth, University of Oregon, USA

Chapter 5
The Value of Metacognition and Reflectivity in Computer-Based Learning Environments

Sammy Elzarka, University of La Verne, USA
Valerie Beltran, University of La Verne, USA
Jessica Decker, University of La Verne, USA
Mark Matzaganian, University of La Verne, USA
Nancy T. Walker, University of La Verne, USA

Chapter 6
A Framework for Defining and Evaluating Technology Integration in the Instruction of Real-World Skills

J. Christine Harmes, Assessment Consultant, USA
James L. Welsh, University of South Florida, USA
Roy J. Winkelman, University of South Florida, USA

Chapter 7
Equipping Advanced Practice Nurses with Real-World Skills

Patricia Eckardt, Stony Brook University, USA
Brenda Janotha, Stony Brook University, USA
Marie Ann Marino, Stony Brook University, USA
David P. Erlanger, Stony Brook University, USA
Dolores Cannella, Stony Brook University, USA

Section 2
Technology Tools for Learning and Assessing Real-World Skills

Chapter 8
Simulations for Supporting and Assessing Science Literacy

Edys S. Quellmalz, WestEd, USA
Matt D. Silberglitt, WestEd, USA
Barbara C. Buckley, WestEd, USA
Mark T. Loveland, WestEd, USA
Daniel G. Brenner, WestEd, USA
Chapter 9
Using the Collegiate Learning Assessment to Address the College-to-Career Space

Doris Zahner, CAE, USA
Zachary Kornhauser, CAE, USA
Roger W. Benjamin, CAE, USA
Raffaela Wolf, CAE, USA
Jeffrey T. Steedle, Pearson, USA

Chapter 10
Rich-Media Interactive Simulations: Lessons Learned

Suzanne Tsacoumis, HumRRO, USA

Chapter 11
An Approach to Design-Based Implementation Research to Inform Development of EdSphere®:
A Brief History about the Evolution of One Personalized Learning Platform

Carl W. Swartz, MetaMetrics, USA & University of North Carolina, USA
Sean T. Hanlon, MetaMetrics, USA
E. Lee Childress, Corinth School District, USA
A. Jackson Stenner, MetaMetrics, USA & University of North Carolina, USA

Chapter 12
Computer Agent Technologies in Collaborative Assessments

Yigal Rosen, Harvard University, USA
Maryam Mosharraf, Pearson, USA

Chapter 13
A Tough Nut to Crack: Measuring Collaborative Problem Solving

Lei Liu, Educational Testing Service, USA
Jiangang Hao, Educational Testing Service, USA
Alina A. von Davier, Educational Testing Service, USA
Patrick Kyllonen, Educational Testing Service, USA
Diego Zapata-Rivera, Educational Testing Service, USA

Chapter 14
Animalia: Collaborative Science Problem Solving Learning and Assessment

Sara Bakken, Pearson Education, USA
John Bielinski, Pearson Education, USA
Cheryl K. Johnson, Pearson Education, USA
Yigal Rosen, Harvard University, USA

Chapter 15
Using Technology to Assess Real-World Professional Skills: A Case Study

Belinda Brunner, Pearson, UK
Kirk A. Becker, Pearson, USA
Noel Tagoe, Chartered Institute of Management Accountants, UK
Volume II

Chapter 16
Assessment in the Modern Age: Challenges and Solutions ................................................................. 415
Mahmoud Emira, City & Guilds of London Institute, UK
Patrick Craven, City & Guilds of London Institute, UK
Sharon Frazer, City & Guilds of London Institute, UK
Zeeshan Rahman, City & Guilds of London Institute, UK

Chapter 17
Technology-Assisted Learning for Students with Moderate and Severe Developmental Disabilities ................................................................. 445
Diane M. Browder, University of North Carolina at Charlotte, USA
Alicia Saunders, University of North Carolina at Charlotte, USA
Jenny Root, University of North Carolina at Charlotte, USA

Chapter 18
Mitigation of Test Bias in International, Cross-National Assessments of Higher-Order Thinking Skills ................................................................................................................................. 472
Raffaela Wolf, CAE, USA
Doris Zahner, CAE, USA

Chapter 19
Evidence-Centered Concept Map in Computer-Based Assessment of Critical Thinking .................. 502
Yigal Rosen, Harvard University, USA
Maryam Mosharraf, Pearson, USA

Chapter 20
“Visit to a Small Planet”: Achievements and Attitudes of High School Students towards Learning on Facebook – A Case Study ................................................................. 528
Rikki Rimor, Kibbutzim College of Education Technology and the Arts, Israel
Perla Arie, Kibbutzim College of Education Technology and the Arts, Israel

Chapter 21
Cross-Border Collaborative Learning in the Professional Development of Teachers: Case Study – Online Course for the Professional Development of Teachers in a Digital Age ................................................................. 558
Rafi Davidson, Kaye Academic College of Education, Israel
Amnon Glassner, Kaye Academic College of Education, Israel
Section 3
Automated Item Generation and Automated Scoring Techniques for Assessment and Feedback

Chapter 22
Using Automated Procedures to Generate Test Items That Measure Junior High Science Achievement ................................................................. 590

Mark Gierl, University of Alberta, Canada
Syed F. Latifi, University of Alberta, Canada
Hollis Lai, University of Alberta, Canada
Donna Matovinovic, CTB/McGraw-Hill, USA
Keith A. Boughton, CTB/McGraw-Hill, USA

Chapter 23
Automated Scoring in Assessment Systems ................................................................. 611

Michael B. Bunch, Measurement Incorporated, USA
David Vaughn, Measurement Incorporated, USA
Shayne Miel, LightSide Labs, USA

Chapter 24
Automated Scoring of Multicomponent Tasks ......................................................... 627

William Lorié, Questar Assessment, Inc., USA

Chapter 25
Advances in Automated Scoring of Writing for Performance Assessment ................. 659

Peter W. Foltz, Pearson, USA & University of Colorado – Boulder, USA

Chapter 26
Using Automated Feedback to Improve Writing Quality: Opportunities and Challenges ........... 679

Joshua Wilson, University of Delaware, USA
Gilbert N. Andrada, Connecticut State Department of Education, USA

Section 4
Analysis, Interpretation, and Use of Learning and Assessment Data from Technology Rich Environments

Chapter 27

Jean-François Rouet, University of Poitiers, France
Zsófia Vörös, University of Poitiers, France
Matthias von Davier, Educational Testing Service, USA
Chapter 28
Analyzing Process Data from Technology-Rich Tasks..............................................................725
Lisa Keller, University of Massachusetts – Amherst, USA
April L. Zenisky, University of Massachusetts – Amherst, USA
Xi Wang, University of Massachusetts – Amherst, USA

Chapter 29
Analyzing Process Data from Problem-Solving Items with N-Grams: Insights from a Computer-Based Large-Scale Assessment........................................................................................750
Qiwei He, Educational Testing Service, USA
Matthias von Davier, Educational Testing Service, USA

Chapter 30
Assessment of Task Persistence.................................................................................................778
Kristen E. DiCerbo, Pearson, USA

Chapter 31
Assessing Engagement during the Online Assessment of Real-World Skills..........................805
J. Christine Harmes, Assessment Consultant, USA
Steven L. Wise, Northwest Evaluation Association, USA
