# Table of Contents

**Preface**......................................................................................................................................................xviii

**Chapter 1**
Can Educational Approaches Help to Revolutionize Quantitative Solutions for Climate Change?....... 1  
*Gilbert Ahamer, Graz University, Austria*

**Chapter 2**
Towards Design of High-Level Synthetic Sensors for Socially-Competent Computing Systems........ 20  
*Maya Dimitrova, ISER-BAS, Bulgaria*

**Chapter 3**
Design Agency: Diversifying Computer Science at the Intersections of Creativity and Culture........ 35  
*Audrey Bennett, Rensselaer Polytechnic Institute, USA*  
*Ron Eglash, Rensselaer Polytechnic Institute, USA*  
*Michael Lachney, Rensselaer Polytechnic Institute, USA*  
*William Babbitt, Independent Researcher, USA*

**Chapter 4**
Success Models Using Knowledge Seekers’ and Experts’ Responses for Knowledge and  
E-Learning Portals: Knowledge Systems and E-Learning Portal Evaluation................................. 57  
*Venkata Subramanian Dayanandan, Hindustan University, India*  
*Angelina Geetha, B. S. Abdur Rahman University, India*

**Chapter 5**
A Proposed Protocol of Multimedia Optimized Production for STEAM E-Learning....................... 72  
*Jenny Z. Xu, University of California – Irvine, USA*  
*Nicholas Graham, University of California – Irvine, USA*  
*Scott E. Gaines, University of California – Irvine, USA*  
*Bradley S. Hughes, University of California – Irvine, USA*
Chapter 6
Use of Community of Practice Dimensions in Community-Based Teacher Professional Development ........................................................................................................ 92
Puvaneswary Murugaiah, University of Science Malaysia, Malaysia
Siew Ming Thang, National University of Malaysia, Malaysia
Hazita Azman, National University of Malaysia, Malaysia
Radha Nambiar, National University of Malaysia, Malaysia

Chapter 7
An Intelligent and Adaptive Hypermedia System Based on Thinking Style (IAHS-TS) .................. 111
Mahnane M. L. Lamia, LRS Laboratory, University of Badji Mokhtar Annaba, Algeria
Hafidi Mohamed, LRS Laboratory, University of Badji Mokhtar Annaba, Algeria

Chapter 8
Innovation in Education through Web-Based Instruction: Digital and Cross-Platform Storytelling........................................................................................................ 131
Roberta Levitt, Long Island University Post, USA
Joseph M. Piro, Long Island University Post, USA

Chapter 9
Implementing Web-Based Learning and Teaching Using Mobile Technology............................... 145
Bolanle Adefowoke Ojokoh, Federal University of Technology, Akure, Nigeria
Folasade Olubusola Isinkaye, Ekiti State University, Ado-Ekiti, Nigeria
Olubimtan Ayo Doyeni, Federal University of Technology, Akure, Nigeria

Chapter 10
Web-Based Instruction Revolutionizes Environmental Systems Analysis ................................. 162
Gilbert Ahamer, Graz University, Austria

Chapter 11
Improving the Educational Effectiveness of MOOCs by Using Web-Based Information and Communication Technology ....................................................... 186
Bhavik Pathak, Indiana University South Bend, USA

Chapter 12
Exploring the Role of Web-Based Learning in Global Education ........................................... 202
Kijpokin Kasemsap, Suan Sunandha Rajabhat University, Thailand

Chapter 13
Pentexonomy: A Multi-Dimensional Taxonomy of Educational Online Technologies............. 225
Kimberley Tuapawa, University of Newcastle, Australia
William Sher, University of Newcastle, Australia
Ning Gu, University of Newcastle, Australia
Chapter 14
The Relationship between Self-Regulated Learning and PLE Management ........................................ 253
  Cherng-Jyh Yen, Old Dominion University, USA
  Chih-Hsiung Tu, Northern Arizona University, USA
  Laura Sujo-Montes, Northern Arizona University, USA
  Shadow W. J. Armfield, Northern Arizona University, USA
  Junn-Yih Chan, National Chin-Yi University of Technology, Taiwan

Chapter 15
Teaching Wireless Network Fundamentals Using Low-Cost Wi-Fi Devices ........................................ 281
  Nurul I. Sarkar, Auckland University of Technology, New Zealand

Chapter 16
Helping Faculty Overcome Cultural Barriers to Adoption and Use of Web-Based Learning Technologies: A Participatory Action Research Approach ................................................................. 300
  Stephen Asunka, Ghana Technology University College, Ghana

Chapter 17
Towards Best Practices in Web-Based Learning and Teaching .......................................................... 317
  Mercy A. Iroaganachi, Covenant University, Nigeria

Compilation of References ................................................................................................................. 333

About the Contributors ....................................................................................................................... 383
