Table of Contents

Preface .................................................................................................................................................. xvi

Chapter 1
A Game-Based Approach for Simulation and Design of Supply Chains ............................................. 1
            Kamalendu Pal, City University London, UK
            Bill Karakostas, VLTN, Belgium

Chapter 2
A Life Cycle Framework for Governance of Intermodal Terminals: Planning, Operations, and Strategic Management........................................................................................................................... 24
            Jason Monios, Edinburgh Napier University, UK
            Rickard Bergqvist, Gothenburg University, Sweden

Chapter 3
Beyond the Horizon of Supply Chain Security Performance Measurement: An Introduction to Supply Chain Security Performance Measurement .............................................................................. 46
            Martina Vitteková, Czech Technical University in Prague, Czech Republic
            Peter Vittek, Czech Technical University in Prague, Czech Republic
            Ondřej Stejskal, Czech Technical University in Prague, Czech Republic
            Slobodan Stojić, Czech Technical University in Prague, Czech Republic
            Tomáš Pezl, Czech Technical University in Prague, Czech Republic

Chapter 4
Building an IT System for Logistics in MS Excel Supported by 4TG Methodology ............................... 76
            Tomasz Głuszkowski, University of Lodz, Poland

Chapter 5
Concepts for Sustainable End Consumer Movements in City Supply Chains: Sustainability-Related Requirements ........................................................................................................................................ 107
            Oana Stefana Mitrea, Alpen-Adria Universitaet Klagenfurt, Institute of Smart Systems Technologies, Austria
            Kyandoghere Kyamakya, Alpen-Adria Universitaet Klagenfurt, Institute of Smart Systems Technologies, Austria
Chapter 6
Contribution of IT-Based Logistics Solutions to Sustainable Logistics Management: Development of an Assessment and a Procedure Model ................................................................. 128
  Iris Hausladen, HHL Leipzig Graduate School of Management, Germany
  Alexander Haas, HHL Leipzig Graduate School of Management, Germany

Chapter 7
  Nasima T. Chowdhury, Plymouth University, UK
  John Dinwoodie, Plymouth University, UK

Chapter 8
Creating a Sustainable Supply Chain in Response to Unstable Market Expectations ..................... 165
  Halina Maria Brdulak, Warsaw School of Economics, Poland
  Anna Janina Brdulak, Wroclaw School of Banking, Poland

Chapter 9
Delivering Major Infrastructure Projects with Predictable Success .................................................. 190
  Roger James Allport, Allport Associates Ltd., UK

Chapter 10
Efficiency and Travel Agencies: Bayesian Structural Equation Model .............................................. 211
  Dejan Dragan, University of Maribor, Slovenia
  Tomaž Kramberger, University of Maribor, Slovenia
  Darja Topolšek, University of Maribor, Slovenia

Chapter 11
Governance of Investments in Logistics .................................................................................................. 236
  Borut Jereb, University of Maribor, Slovenia
  Tina Cvahte, University of Maribor, Slovenia
  Bojan Rosi, University of Maribor, Slovenia

Chapter 12
Linkage between Regional Accessibilility, Economic Development, and Logistic Infrastructure ................................................................................................................................. 248
  Ana Vulevic, Institute of Transportation (CIP), Serbia

Chapter 13
Modeling Conflict Dynamics: System Dynamic Approach ........................................................................ 273
  Janez Usenik, University of Maribor, Slovenia
  Tit Turnsek, Landscape Governance College Grm, Slovenia
Chapter 14
Selecting the Optimum Collateral in Shipping Finance ................................................................. 295
Dimitris Gavalas, University of Aegean, Greece
Theodore Syriopoulos, University of Aegean, Greece

Chapter 15
Supply-Chain Competitiveness and Efficiency: A Survey on Italian Logistics................................. 328
Enrico Beretta, Bank of Italy, Italy
Alessandra Dalle Vacche, Bank of Italy, Italy
Andrea Migliardi, Bank of Italy, Italy

Chapter 16
Sustainable Logistics Strategies of Transnational Corporations......................................................... 347
Maria Cieśla, Silesian University of Technology, Poland

Chapter 17
The Role of Capacity and Traffic Uncertainty in Hinterland Connections: Strategies for the Case
Port of Zeebrugge................................................................................................................................. 368
Katrien De Langhe, University of Antwerp, Belgium
Hilde Meersman, University of Antwerp, Belgium
Christa Sys, University of Antwerp, Belgium
Eddy Van de Voorde, University of Antwerp, Belgium
Thierry Vanselslander, University of Antwerp, Belgium

Chapter 18
Transport Costs in a Shrinking World: The Spatial Approach of Geographers................................. 391
Konrad Heinz Schliephake, University of Wuerzburg, Germany

Chapter 19
Transport Optimization and Estimation of Reduced CO2 Emissions............................................... 405
Dejan Dragan, University of Maribor, Slovenia
Tomaž Kramberger, University of Maribor, Slovenia
Klemen Prah, University of Maribor, Slovenia

Chapter 20
Using a Supply Chain Improvement System (SCIS) to Increase Supply Chain Efficiency.................. 437
Herwig Winkler, Brandenburg University of Technology Cottbus-Senftenberg, Germany
Clemens Kuss, Alpen-Adria-Universitaet Klagenfurt, Austria

Compilation of References ................................................................................................................. 457
About the Contributors ......................................................................................................................... 499
