There are numerous people who contributed to this book. First of all, we would like to thank our Master of Educational Leadership students and our Doctoral students in the Leadership for the Advancement of Learning and Service at Cardinal Stritch University in Milwaukee, WI. We would like to dedicate this book to all of our past, current, and future students who cross our paths and forever engage and inspire us in the inquiry of social research. You motivate us daily to become better teachers and research advisors and we thank you for the opportunity to learn along with you.

We would also like to thank our assistant editors for their time and attention to detail, we could not have completed this book without your support. Dr. Roger Baran, Evan Diehnelt, Dr. Eric Dimmitt, and Dr. Glady van Harpen, we will forever be grateful.

Finally, we must thank all of the contributors to this book for their commitment and dedication to the exciting field of mixed methods research. We are truly honored to call ourselves your colleagues.
