# Table of Contents

**Foreword** .............................................................................................................................................. xv

**Preface** ................................................................................................................................................ xvii

**Chapter 1**  
Functional Coatings: A Rapidly and Continuously Developing Field ...................................................... 1  
*Ana Zuzuarregui, CIC nanoGUNE Consolider, Spain*  
*Maria Carmen Morant-Miñana, CIC NanoGUNE Consolider, Spain*

**Chapter 2**  
Single Source Precursors for Semiconducting Metal Oxide-Based Films ................................................. 26  
*Carolina Egler Lucas, University of Heidelberg, Germany*  
*Carlos Lizandara Pueyo, ICIQ, Spain*

**Chapter 3**  
Synergism at the Nanoscale: Photoactive Semiconductor Nanoparticles and their Organic Ligands ................................................................................................................................. 42  
*Raquel Eugenia Galian, University of Valencia, Spain*  
*Julia Pérez-Prieto, University of Valencia, Spain*

**Chapter 4**  
Functional Polymeric Coatings: Synthesis, Properties, and Applications ................................................. 78  
*Peter Zarras, NAWCWD, USA*  
*Paul A Goodman, NAWCWD, USA*  
*John D Stenger-Smith, NAWCWD, USA*

**Chapter 5**  
Non-Hydrolyzed Resins for Organic-Inorganic Hybrid Coatings: Functional Coating Films by Moisture Curing ......................................................................................................................... 105  
*Stefan Holberg, Danish Technological Institute, Denmark*
Chapter 6
Research Perspectives on Functional Micro and Nano Scale Coatings: New Advances in Nanocomposite Coatings for Severe Applications
Jaime Andrés Pérez Taborda, Universidad Tecnológica de Pereira, Colombia & Instituto de Microelectrónica de Madrid-CSIC, Colombia
Elvis O. López, Centro Brasileiro de Pesquisas Físicas, Brazil

Chapter 7
Functionalization of Surfaces with Optical Coatings Produced by PVD Magnetron Sputtering
Walter Raniero, University of Trento, Italy
Gianantonio Della Mea, University of Trento, Italy
Matteo Campostrini, Legnaro National Laboratories, Italy

Chapter 8
Analysis of Plasmonic Structures by Spectroscopic Ellipsometry
Jose Luis Pau, Autonomous University of Madrid, Spain
Antonio García Marín, Autonomous University of Madrid, Spain
María Jesús Hernández, Autonomous University of Madrid, Spain
Manuel Cervera, Autonomous University of Madrid, Spain
Juan Piqueras, Autonomous University of Madrid, Spain

Chapter 9
Functional Coatings for Bone Tissue Engineering
M Tarik Arafat, University of Leeds, UK
Xu Li, A*STAR (Agency for Science, Technology & Research), Singapore

Chapter 10
Opto-Smart Systems in Microfluidics
Larisa Florea, Centre for Data Analytics, National Centre for Sensor Research, Dublin City University, Dublin 9, Ireland
Dermot Diamond, Centre for Data Analytics, National Centre for Sensor Research, Dublin City University, Dublin 9, Ireland
Fernando Benito-Lopez, Microfluidics UPV/EHU Cluster, Analytical Chemistry Department, University of the Basque Country UPV/EHU, Spain

Chapter 11
High-Tech Applications of Functional Coatings: Functional Coatings and Photovoltaic
Susana María Fernández, CIEMAT, Spain
Antonio Garrido Marijuan, Austrian Institute of Technology, Austria
Chapter 12
Advances in Functional Nanocoatings Applied in the Aerospace Industry
Rafael Vargas-Bernal, Instituto Tecnológico Superior de Irapuato, Mexico

Chapter 13
Fundamental, Fabrication and Applications of Superhydrophobic Surfaces
Adel M Mohamed, Qatar University, Qatar & Suez University, Egypt
Aboubakr Moustafa Abdullah, Qatar University, Qatar
Mariam Al-Maadeed, Qatar University, Qatar
Ahmed Bahgat, Qatar University, Qatar

Chapter 14
Electrodeposition of Nickel-Molybdenum (Ni-Mo) Alloys for Corrosion Protection in Harsh Environments
Teresa D. Golden, University of North Texas, USA
Jeerapan Tientong, Nakhon Sawan Rajabhat University, Thailand
Adel M.A. Mohamed, Qatar University, Qatar

Chapter 15
Concept of Advanced Thermal Barrier Functional Coatings in High Temperature Engineering Components
A.H. Pakseresht, Materials and Energy Research Center, Iran
M.R. Rahimipour, Materials and Energy Research Center, Iran
M. Alizadeh, Materials and Energy Research Center, Iran
S.M.M. Hadavi, Materials and Energy Research Center, Iran
A. Shahbazkhan, Sharif University, Iran
