Many people have contributed greatly to this handbook. We, the editors, thank all of them for their help and constructive reviews. With our feelings of gratitude, we would like to introduce them in turn. The first mention is the authors and reviewers of each chapter of this Handbook. Without their outstanding expertise and devoted effort, this Handbook would become something without contents. The second mention is the IGI staff (Kayla Wolfe, Lindsay Johnston, Rachel Ginder, Jan Travers, and Katherine Shearer) for their constant encouragement and continuous help and untiring support. Without their technical support, this book would be not completed. The third mention is the editors’ family for their continuous love, unconditional support and prayers not only for this work but throughout our life. Last but far from least, we express our heartfelt thanks to the Almighty for bestowing over us the courage to face the complexities of life and complete this work.
