The Editors,

We would like to say ‘THANK YOU’ to our parents for endless support, guidance and love through all our life stages. We are heartiest thankful to our beloved family members for standing beside us throughout our career, move our career forward through editing this book. Our great thanks to our students, who have put in their time and effort to support and contribute in some manner. We dedicate this book to all of them.

We would like to express our gratitude to the all people support, share, talked things over, read, wrote, offered comments, allowed us to quote their remarks and assisted in editing, proofreading and design; through the book journey.

We believe that the team of authors provides the perfect blend of knowledge and skills that went into authoring this book. We thank each of the authors for devoting their time, patience, perseverance and effort towards this book; we think that it will be a great asset to the all researchers in this field!

We are grateful to the IGI-publisher team, who showed us the ropes to start and continue. Without that knowledge we wouldn’t have ventured into starting this book, which ultimately led to this! Their trusting for us, their guide and providing the necessary time and resource, gave us the freedom to manage this book and.

Last, but definitely not least, we’d like to thank our readers, who gave us their thrust and hope our work inspired and guide them.
