To my children, Odysseas and Sophia again and always.
Maria D. Avgerinou

To my father, Panagiotis S. Gialamas, a passionate educator who passed away in September 2015. He devoted more than thirty-five years of his life educating thousands of students, while instilling in them essential principles and values with emphasis on ethos. This compassionate, humanitarian, and result-oriented leader will be remembered for his belief that “Morfosis shapes characters which transforms lives” (Panagiotis S. Gialamas, 1963).

Stefanos P. Gialamas

To all student advocates who are fighting the good fight.
