Acknowledgment

The editors would like to acknowledge the help of all the people involved in this project and specifically authors, reviewers and editorial advisory board. Without their support, this book would not have become a reality.

First, the editors would like to thank each one of the authors for their contributions. Our sincere gratitude goes to the chapters’ authors who contributed their precious time and immense expertise to this book. Erudite contribution of authors is the most important building block of the book.

Second, the editors wish to acknowledge the valuable contributions of the learned reviewers, regarding the improvement of quality, coherence, and content presentation of chapters. Most of the authors also served as referees; we highly appreciate their double task.

Next, the editors are thankful to the editorial advisory board for their timely and valuable guidance and scholarly insights to give final shape to this book.

Also, editors are grateful to Prof. Nageshwar Rao, in-charge Vice-Chancellor, Indira Gandhi National Open University, New Delhi for his prefatory note.

Last, but not the least, editors are grateful to their families for their constant support to help them complete the project in time.
