Table of Contents

Foreword ................................................................................................................................. xiii

Preface .................................................................................................................................. xv

Chapter 1
Classical Building Materials ............................................................................................... 1
   Anwar Khitab, Mirpur University of Science and Technology, Pakistan
   Waqas Anwar, Mirpur University of Science and Technology, Pakistan

Chapter 2
Nano-Scale Behavior and Nano-Modification of Cement and Concrete Materials ................. 28
   Liqing Zhang, Dalian University of Technology, China
   Siqi Ding, Dalian University of Technology, China
   Shengwei Sun, Harbin Institute of Technology, China
   Baoguo Han, Dalian University of Technology, China
   Xun Yu, New York Institute of Technology, USA
   Jinping Ou, Dalian University of Technology, China

Chapter 3
Trends in Nanoscopy in Materials Research: Nano-Scale Microscopic Characterization of Cements ...................................................................................................................... 80
   Ahmed Sharif, Bangladesh University of Engineering and Technology (BUET), Bangladesh

Chapter 4
Nanotechnology Applications in the Construction Industry ................................................. 111
   Iman Mansouri, Birjand University of Technology, Iran
   Elaheh Esmaeili, Birjand University of Technology, Iran
Chapter 5
Nanotechnology Future and Present in Construction Industry: Applications in Geotechnical Engineering ................................................................. 141

Umair Hasan, Curtin University of Technology, Australia
Amin Chegenizadeh, Curtin University, Australia
Hamid Nikraz, Curtin University, Australia

Chapter 6
Applications of Nanotechnology in Transportation Engineering ............... 180

Imtiaz Ahmed, Mirpur University of Science and Technology, Pakistan
Naveed Ahmad, University of Engineering and Technology Taxila, Pakistan
Imran Mehmood, Mirpur University of Science and Technology, Pakistan
Israr Ul Haq, Mirpur University of Science and Technology, Pakistan
Muhammad Hassan, Mirpur University of Science and Technology, Pakistan
Muhammad Umer Arif Khan, Mirpur University of Science and Technology, Pakistan

Chapter 7
Recent Trends and Advancement in Nanotechnology for Water and Wastewater Treatment: Nanotechnological Approach for Water Purification ................................................................. 208

Sushmita Banerjee, University of Allahabad, India
Ravindra Kumar Gautam, University of Allahabad, India
Pavan Kumar Gautam, University of Allahabad, India
Amita Jaiswal, University of Allahabad, India
Mahesh Chandra Chattopadhyaya, University of Allahabad, India

Chapter 8
Risks and Preventive Measures of Nanotechnology .................................... 253

Waqas Anwar, Mirpur University of Science and Technology, Pakistan
Anwar Khitab, Mirpur University of Science and Technology, Pakistan

Compilation of References ........................................................................... 277

About the Contributors .................................................................................. 331

Index ............................................................................................................ 336
