Table of Contents

Foreword .............................................................................................................................................. xv
Preface ................................................................................................................................................... xvi
Acknowledgment ................................................................................................................................... xxiv

Section 1
Data Mining Techniques and Analysis: An Overview

Chapter 1
Review of Data Mining Techniques and Parameters for Recommendation of Effective Adaptive
E-Learning System ................................................................................................................................. 1
  Renuka Mahajan, Amity University UP, India

Chapter 2
Modified Single Pass Clustering Algorithm Based on Median as a Threshold Similarity Value ....... 24
  Mamtal Mittal, G. B. Pant Govt. Engineering College, India
  R. K. Sharma, Thapar University, India
  V.P. Singh, Thapar University, India
  Lalit Mohan Goyal, Bharati Vidyapeeth College of Engineering, India

Chapter 3
Dimensionality Reduction Techniques for Text Mining ........................................................................... 49
  Neethu Akkarapatty, SCMS School of Engineering and Technology, India
  Anjaly Muralidharan, SCMS School of Engineering and Technology, India
  Nisha S. Raj, SCMS School of Engineering and Technology, India
  Vinod P., SCMS School of Engineering and Technology, India

Section 2
Collaborative Filtering: An Introduction

Chapter 4
History and Overview of the Recommender Systems .......................................................................... 74
  Venkatesan M., Government Arts College (Autonomous), India
  Thangadurai K., Government Arts College (Autonomous), India
Chapter 5
A Classification Framework Towards Application of Data Mining in Collaborative Filtering

Neeti Sangwan, Maharaja Surajmal Institute of Technology, India
Naveen Dahiya, Maharaja Surajmal Institute of Technology, India

Chapter 6
Collaborative Filtering Based Data Mining for Large Data

Amrit Pal, Indian Institute of Information Technology Allahabad, India
Manish Kumar, Indian Institute of Information Technology Allahabad, India

Chapter 7
Big Data Mining Using Collaborative Filtering

Anu Saini, G.B. Pant Engineering College, India

Section 3
Applications of Data Mining Techniques and Data Analysis in Collaborative Filtering

Chapter 8
Collaborative and Clustering Based Strategy in Big Data

Arushi Jain, Ambedkar Institute of Advanced Communication Technologies and Research, India
Vishal Bhatnagar, Ambedkar Institute of Advanced Communication Technologies and Research, India
Pulkit Sharma, Ambedkar Institute of Advanced Communication Technologies and Research, India

Chapter 9
Association Rule Mining in Collaborative Filtering

Carson K. Leung, University of Manitoba, Canada
Fan Jiang, University of Manitoba, Canada
Edson M. Dela Cruz, University of Manitoba, Canada
Vijay Sekar Elango, University of Manitoba, Canada

Chapter 10
A Classification Framework on Opinion Mining for Effective Recommendation Systems

Mahima Goyal, Ambedkar Institute of Advanced Communication Technologies and Research, India
Vishal Bhatnagar, Ambedkar Institute of Advanced Communication Technologies and Research, India

Chapter 11
Combining User Co-Ratings and Social Trust for Collaborative Recommendation: A Data Analytics Approach

Sheng-Jhe Ke, National Sun Yat-Sen University, Taiwan
Wei-Po Lee, National Sun Yat-Sen University, Taiwan
Chapter 12
Visual Data Mining for Collaborative Filtering: A State-of-the-Art Survey .............................................. 217
Marenglen Biba, University of New York Tirana, Albania
Narasimha Rao Vajjhala, University of New York Tirana, Albania
Lediona Nishani, University of New York Tirana, Albania

Chapter 13
Data Stream Mining Using Ensemble Classifier: A Collaborative Approach of Classifiers ............ 236
Snehlata Sewakdas Dongre, Ghrce Nagpur, India
Latesh G. Malik, Ghrce Nagpur, India

Chapter 14
Statistical Relational Learning for Collaborative Filtering: A State-of-the-Art Review .................. 250
Lediona Nishani, University of New York Tirana, Albania
Marenglen Biba, University of New York in Tirana, Albania

Compilation of References .................................................................................................................................... 270

About the Contributors ................................................................................................................................................... 302

Index ............................................................................................................................................................................. 307
