Acknowledgment

This book was not possible without all the contributors who served as the authors. Production of a book often requires a significant investment of time to ensure both the quality and quantity of contents of the particular theme. As such, the editor greatly appreciates the reviewers who have contributed constructive comments and suggestions to enhance the quality of all chapters for the book. All the feedback, suggestions and recommendations were valuable and strengthened the contents of the new fields in nano-research and applications.

The editor acknowledges all the authors in the book and particular acknowledgements go to the following fellows. Dr. Chunming Su (U.S. EPA), Dr. Jaehong Kim (Yale University), Dr. Don Zhao (Auburn University), Dr. James Smith (University of Virginia), Kathryn Nunnelley (University of Virginia), Bing Han, Wen Liu, Kyle Moor, Samuel Snow (Michigan State University), Moon Son (GIST), Dr. Heecheol Choi (GIST), Jiyeol Bae, Hyeongue Choi, Dr. Verónica Nogueira (University of Porto), Dr. Tatiana Andreani, Ahmed Emam, Dr. César Barbero (Universidad Nacional de Río Cuarto), Yang Hu (University of Waterloo), Jie Fu (Georgia Institution of Technology), Dr. Allan Philippe (University Koblenz-Landau), and Dr. Edith Yslas (Universidad Nacional de Río Cuarto).

The editorial assistant, Janine Haughton, is also grateful for the assistance of all the contributors.

Finally, I would like to greatly acknowledge my parents for their never-ending support and love. This book is especially dedicated to my parents.

Thank you to all of you.
