Table of Contents

Preface .................................................................................................................................................. xv

Chapter 1
Food and Cardiac Health: Protective Effects of Food on Cardiovascular System ......................... 1
   Aditi Jain, Jaypee Institute of Information Technology, India
   Vibha Rani, Jaypee Institute of Information Technology, India

Chapter 2
Functional Foods and Cardiac Health ................................................................................................... 16
   Santosh Jain Passi, University of Delhi, India

Chapter 3
Lentils (Lens culinaris, L.): A Novel Functional Food ........................................................................ 42
   Mo’ez Al-Islam Ezzat Faris, University of Sharjah, UAE
   Amita Attlee, University of Sharjah, UAE

Chapter 4
Health Promoting Effects of Kimchi ..................................................................................................... 73
   Kim Hyun Ju, World Institute of Kimchi, Korea
   Han Eung-Soo, World Institute of Kimchi, Korea

Chapter 5
Health Benefits of Tea: Beneficial Effects of Tea on Human Health .................................................. 99
   Sumonto Mitra, Indian Institute of Toxicology Research, India
   Shashi Khandelwal, Indian Institute of Toxicology Research, India

Chapter 6
Herbal Benefits of Tea ............................................................................................................................ 117
   Etetor Roland Eshiet, Sustainable Energy Environmental and Educational Development (SEEED), USA
   Ernest E. Smith, Texas Tech University, USA

Chapter 7
Functional Properties of Camel Milk ..................................................................................................... 147
   Omar Amin Alhaj, King Saud University, Saudi Arabia
Chapter 8
Pomegranate Peel and Fruit Extracts: A Novel Approach to Avert Degenerative Disorders –
Pomegranate and Degenerative Diseases.......................................................................................... 165

  Tariq Ismail, Bahauddin Zakariya University, Pakistan
  Saeed Akhtar, Bahauddin Zakariya University, Pakistan
  Muhammad Riaz, Bahauddin Zakariya University, Pakistan

Chapter 9
Yerba Mate: Chemistry, Technology, and Biological Properties.................................................. 185

  Roberto Buffo, Universidad de San Pablo-T, Argentina

Chapter 10
Health Benefits and Risks of Rice .................................................................................................. 195

  Md Zakir Hossain Howlader, University of Dhaka, Bangladesh
  Hossain Uddin Shekhar, University of Dhaka, Bangladesh

Chapter 11
Soy and Soy Products, Isoflavones, Equol, and Health................................................................. 223

  Baltasar Mayo, IPLA-CSIC, Spain
  Lucía Guadamuro, IPLA-CSIC, Spain
  Ana Belén Flórez, IPLA-CSIC, Spain
  Susana Delgado, IPLA-CSIC, Spain

Chapter 12
Application of the Dietary Processed Sulfur Supplementation for Enhancing Nutritional and
Functional Properties of Meat Products....................................................................................... 254

  Chi-Ho Lee, Konkuk University, South Korea

Chapter 13
Food in Health Preservation and Promotion: A Special Focus on the Interplay between Oxidative
Stress and Pro-Oxidant/Antioxidant ............................................................................................ 265

  Saikat Sen, Assam Downtown University, India
  Raja Chakraborty, Assam Downtown University, India

Chapter 14
Antimicrobial Edible Films and Coatings for Fruits and Vegetables ........................................... 301

  Amrita Poonia, Banaras Hindu University, India

Chapter 15
Traditional African Foods and Their Potential to Contribute to Health and Nutrition: Traditional
African Foods ................................................................................................................................. 320

  John H. Muyonga, Makerere University, Uganda
  Sophie Nansereko, Makerere University, Uganda
  Ilona Steenkamp, Stellenbosch University, South Africa
  Marena Manley, Stellenbosch University, South Africa
  Judith Kanensi Okoth, Jomo Kenyatta University of Agriculture and Technology, Kenya
Chapter 16
Functional Foods of the Indian Subcontinent ................................................................. 347
  Jiwan S. Sidhu, Kuwait University, Kuwait
  Tasleem A. Zafar, Kuwait University, Kuwait

Chapter 17
Functional Foods in Hypertension: Functional Foods in Cardiovascular Diseases ........... 376
  Anil Gupta, Eklavya Dental College and Hospital, India

Compilation of References ........................................................................................................ 397

About the Contributors ................................................................................................................ 516
