Table of Contents

Preface ........................................................................................................................................xii

Chapter 1
Biogenesis of Conjugated Linoleic Acids ................................................................. 1
  Sailas Benjamin, University of Calicut, India
  Kizhakepowathil Nair Unni, University of Calicut, India
  Prakasan Priji, University of Calicut, India
  Andre-Denis Girard Wright, University of Arizona, USA

Chapter 2
Dietary Fibers and their Role as Functional Food for Human Health: Food Fibers and Human Health ........................................................................................................29
  Murlidhar Meghwal, Jain University, India
  Ravi-Kumar Kadeppagari, Jain University, India

Chapter 3
Phytonutrients of Nutraceutical Importance: Exploring Antimicrobial, Antiproliferative, and Antioxidant Activities ........................................................................ 45
  Marcus Vinícius Dias-Souza, Federal University of Minas Gerais, Brazil
  Renan Martins dos Santos, Federal University of Minas Gerais, Brazil

Chapter 4
Millets as an Integral Part of Nutritional Diet in India .............................................. 83
  T. K. Hrideek, Kerala Forest Research Institute, India
  K. U. K. Nampoothiri, Central Plantation Crops Research Institute, India

Chapter 5
Bioactive Compound Analysis of Coriandrum Sativum L against Microbial Keratitis ........................................................................................................................ 109
  V. Nithya, Alagappa University, India
Chapter 6
Breeding for Improving Human Nutrition and Grain Quality through Biofortification of Traditional Land Races and Improved Cultivars in Rice (Oryza sativa L.) ................................................................. 126
P. Savitha, Tamil Nadu Agricultural University, India
R. Usha Kumari, Tamil Nadu Agricultural University, India

Chapter 7
Antioxidants as Functional Foods in Metabolic Syndrome ...................... 149
Abishek B. Santhakumar, Charles Sturt University, Australia
Indu Singh, Griffith University, Australia

Chapter 8
Exploring the Potentials of Antioxidants in Retarding Ageing ............... 166
Minu Kesheri, Shridhar University, India
Swarna Kanchan, Shridhar University – Pilani, India
Rajeshwar P. Sinha, Banaras Hindu University, India

Chapter 9
Food Allergy and Food Poisoning: Toxicology on Culinary Sciences ........ 196
Jose Iñaki Alava Marquinez, Basque Culinary Center, Mondragon University, Spain
Miguel Angel Lopez, Basque Culinary Center, Mondragon University, Spain

Chapter 10
Perspective Uses of Essential Oils in Functional Foods and Antimicrobial Packaging Material ................................................................. 230
Tripti Malik, Dolphin (P.G.) Institute of Biomedical and Natural Sciences, India

Compilation of References ........................................................................... 271
About the Contributors .................................................................................. 334
Index .............................................................................................................. 341
