Acknowledgment

We would like to acknowledge the people who were associated in long due project. Without their hearty support this book would not be completed.

We would like to thanks all the authors who spent their time, expertise, and sincere efforts to accomplish this book. We acknowledge our respected reviewers for their valuable contribution in improving the quality and presentation of the content. The authors also serve as referees; we greatly appreciated their dual role. Last but not the least we are also thankful to members of Editorial Advisory Board. We also express our Special thanks to Dr. Mila Emerald for writing the foreword.

It would be appropriate to mention that the IGI Global publishers have availed the scientific platform to us by exhibiting confidence and motivation to take this liaison in future too. Their publishing assistants deserve our thanks for extending support as and when desired.

During the Preparation of this book projects something happened very good and we started a new journey of life, Saritha a wife of Rajesh K. Kesharwani and Nidhi a wife of Raj K. Keservani received the gift of seeing the birth of sons Vihaan and Atharva respectively. Anil enjoyed life with his wife Ritu and girl Aashna. This book is dedicated to them.
