Preface .................................................................................................................................................. xv

Acknowledgment ................................................................................................................................ xix

Section 1
Introduction

Chapter 1
Educational Leadership and Integrated Support for Students with Autism Spectrum Disorders........ 1
   Yefim Kats, Chestnut Hill College, USA

Section 2
Psychological and Counseling Support for Children and Young Adults with Autism
   Spectrum Disorders

Chapter 2
Higher Education Transitions and Autism......................................................................................... 15
   Scott Browning, Chestnut Hill College, USA
   Loren Pease, Chestnut Hill College, USA

Chapter 3
The Social Experiences of College Students on the Autism Spectrum................................. 25
   Kate Altman, Wissahickon Charter School, USA

Chapter 4
Transition to Gainful Employment of High School Students with ASD..................................... 44
   KayDee Caywood, National University, USA
   Dominique Langford Rousseau, National University, USA
Section 3  
Special Education Support for Children and Young Adults with Autism Spectrum Disorders

Chapter 5  
Educational Support at School for Students with Autism Spectrum Disorder, Intellectual, and Developmental Disabilities: The Relationship between Teachers’ Priorities, Students’ Achievements, and Educational Implementation ................................................................. 66  
Soonhwa Seok, Korea University, South Korea  
Boaventura DaCosta, Solers Research Group, USA

Chapter 6  
Handmade Content and School Activities for Autistic Children with Expressive Language Disabilities ........................................................................................................ 85  
Shigeru Ikuta, Otsuma Women’s University, Japan  
Ryoichi Ishitobi, University of Tsukuba, Japan  
Fumio Nemoto, University of Tsukuba, Japan  
Chiho Urushihata, University of Tsukuba, Japan  
Kyoko Yamaguchi, Abiko Special Needs Education School for the Mentally Challenged, Japan  
Haruka Nakui, Abiko Special Needs Education School for the Mentally Challenged, Japan

Chapter 7  
Assessing the Functions of Behavior for Students with Autism in the Inclusive Classroom Environment ........................................................................................................ 116  
Lina Gilic, St. John’s University, USA  
Michelle Chamblin, Molloy College, USA

Section 4  
Technology Support for Children and Young Adults with Autism Spectrum Disorders

Chapter 8  
Assistive Technology-Based Programs to Support Adaptive Behaviors by Children with Autism Spectrum Disorders: A Literature Overview ................................................................. 140  
Fabrizio Stasolla, University of Bari, Italy  
Adele Boccasini, Lega del Filo d’Oro Research Center, Termini Imerese, Italy  
Viviana Perilli, Lega del Filo d’Oro Research Center, Molfetta, Italy

Chapter 9  
Remediation and Assistive Technologies for Communication Deficits in Autism Spectrum Disorders .......................................................................................................................... 160  
Katharine Beals, University of Pennsylvania, USA
Chapter 10
The Promise and Relevance of Emerging Technologies in the Education of Children with Autism Spectrum Disorder .............................................................. 184
Edmon Begoli, Joint Institute for Computational Sciences (JICS), USA
Jeanine DeFalco, Columbia University, USA
Cristi Ogle, Knox County Schools, USA

Chapter 11
Technological Tools and Interventions to Enhance Learning in Children with Autism ...................... 204
Anurag Sharma, CT Group of Institutions, India
Arun Khosla, Dr. B. R. Ambedkar National Institute of Technology, India
Mamta Khosla, Dr. B. R. Ambedkar National Institute of Technology, India
Yogeswara Rao M., Cognolabs Systems, India

Chapter 12
Social Stories in Robot-Assisted Therapy for Children with ASD ............................................. 225
David Silvera-Tawil, University of New South Wales, Australia
Iva Strnadová, University of New South Wales, Australia
Therese M Cumming, University of New South Wales, Australia

Chapter 13
Potential of Human Tracking in Assistive Technologies for Children with Cognitive Disabilities ................................................................. 245
Mark Tee Kit Tsun, Swinburne University of Technology Sarawak, Malaysia
Lau Bee Theng, Swinburne University of Technology Sarawak, Malaysia
Hudyjaya Siswoyo, Swinburne University of Technology Sarawak, Malaysia
Sian Lun Lau, Sunway University, Malaysia

Chapter 14
The Use of iPad® Devices and “Apps” for ASD Students in Special Education and Speech Therapy .......................................................... 267
Johnny R. O’Connor Jr., Lamar University, USA
Keonta N. Jackson, Texas A&M University – Commerce, USA

Compilation of References ........................................................................................................ 284
