# Table of Contents

**Preface**........................................................................................................................................... xiii

**Acknowledgment** .............................................................................................................................. xxiii

**Chapter 1**
Co-Existence: Challenges and Opportunities Chinese Design Education
Faces ..................................................................................................................................................... 1

  *Li Zeng, University of Central Arkansas, USA*

**Chapter 2**
Critical Thinking and Design Education in China: Considerations from a Western Perspective.............................................................................................................. 27

  *Stefano Ceppi, Stefano Ceppi Industrial Design Studio, Italy*

**Chapter 3**
Developing an Integral Approach for Chinese Design Education: A Spatio-Temporal Framework........................................................................................................................................ 49

  *Fang Xu, University of New South Wales, Australia*

**Chapter 4**
So, What is Creativity? Animation Students and Teachers’ Conception of Creativity in China........................................................................................................................................ 78

  *Henry Ma, The Hong Kong Polytechnic University, Hong Kong*

**Chapter 5**
Chinese Students’ Experiences in American MFA Programs in Digital Arts: How to be Prepared and What to Expect ........................................................................................................................................ 102

  *Edmond Salsali, Georgian Court University, USA*

  *Rebecca Ruige Xu, Syracuse University, USA*
Chapter 6
Crowdfunding, Entrepreneurship, and Design Education: Case Study of a Campaign by Design Students from China................................. 117
   Zhou Ding, Nanjing University of the Arts, China
   Jiang Jiabei, Nanjing University of the Arts, China

Chapter 7
Industry: Academia Partnerships in Design Education ..................... 133
   Jui-Che Tu, National Yunlin University of Science and Technology,
   Taiwan
   Yu-Chen Huang, National University of Kaohsiung, Taiwan

Chapter 8
Play, Think, Design: Play as a Means to Acquire and Enhance Design
Thinking Skills................................................................. 179
   Rémi Leclerc, The Hong Kong Polytechnic University, Hong Kong

Chapter 9
The Neurolecturer as Model for Design Education: Fostering Creativity and
Innovation Based on Neuroscience........................................ 212
   Miguel Rivas, University of Central Lancashire, UK
   Giovanni J. Contreras Garcia, The Hong Kong Polytechnic University,
   Hong Kong

Chapter 10
20 Years of Doctoral Research Studies in Design in Hong Kong........ 227
   Kin Wai Michael Siu, The Hong Kong Polytechnic University, Hong
   Kong
   Giovanni J. Contreras Garcia, The Hong Kong Polytechnic University,
   Hong Kong
