# Table of Contents

**Preface**.............................................................................................................................................. xviii

**Chapter 1**
Recent Trends, Issues, and Challenges in Water Resource Development and Global Climate Change .................................................................................................................................................. 1  
  Prakash Rao, Symbiosis International University, India  
  Yogesh Patil, Symbiosis International University, India

**Chapter 2**
Traditional Water Management System for Climate Change Adaptation in Mountain Ecosystems ...... 9  
  Bhaskar Shrinivasulu Padigala, Centre for Environmental Planning and Technology University, India

**Chapter 3**
Understanding Glacial Retreat in the Indian Himalaya: Historical Trends and Field Studies from a Large Glacier........................................................................................................................................ 33  
  Rajesh Kumar, Sharda University, India  
  Prakash Rao, Symbiosis International University, India  
  G. Areendran, WWF, India

**Chapter 4**
Issues, Concerns, and Local Stakes: Future of Water Resources in Coastal Villages of Devbag and Tarkarli, Coastal Maharashtra, India.................................................................................................................. 50  
  Navendra Chaudhary, Symbiosis International University, India  
  Yogesh Pisolkar, Symbiosis International University, India

**Chapter 5**
Impact of Climate Change on the Retreat of Himalayan Glaciers and Its Impact on Major River Hydrology: Himalayan Glacier Hydrology.................................................................................................................. 70  
  Ram Karan Singh, King Khalid University, Saudi Arabia
Chapter 6
Mitigation of Climate Change Impacts through Treatment and Management of Low Quality Water for Irrigation in Pakistan ................................................................. 84
Ghulam Murtaza, University of Agriculture Faisalabad, Pakistan
Muhammad Saqib, University of Agriculture Faisalabad, Pakistan
Saifullah, University of Dammam, Saudi Arabia
Muhammad Zia-ur Rehman, University of Agriculture Faisalabad, Pakistan
Muhammad Naveed, University of Agriculture Faisalabad, Pakistan
Abdul Ghafoor, University of Agriculture Faisalabad, Pakistan

Chapter 7
Characterization and Management Concerns of Water Resources around Pallikaranai Marsh, South Chennai ................................................................. 102
Avantika Bhaskar, Care Earth Trust, India
G. Babu Rao, Care Earth Trust, India
Jayshree Vencatesan, Care Earth Trust, India

Chapter 8
Achieving Climate Smart Agriculture with a Sustainable Use of Water: A Conceptual Framework for Sustaining the Use of Water for Agriculture in the Era of Climate Change ...................................... 122
Sneha Kumari, Symbiosis International University, India
Yogesh Patil, Symbiosis International University, India

Chapter 9
Entangled Systems at the Energy-Water-Food Nexus: Challenges and Opportunities .................. 144
Joseph Nyangon, University of Delaware, USA
Nabeel Alabbes, University of Delaware, USA
Lawrence Agbemabiese, University of Delaware, USA

Chapter 10
Inter Linkages of Water, Climate, and Agriculture .................................................................. 166
Sunil Londhe, World Agroforestry Centre (ICRAF), India

Chapter 11
Role of Water-Energy-Waste Inter-Relatedness to Drive Sustainability amid Climate Concerns ...... 195
Salil K. Sen, Philippines Asian Institute of Management, Philippines
Junya Pookayaporn, Sripatum University, Thailand

Chapter 12
Congo Basin’s Shrinking Watersheds: Potential Consequences on Local Communities ............. 211
Bila-Isia Inogwabini, Saint Pierre Canisius Institute of Agriculture and Veterinary Sciences (ISAV), Congo & Swedish University of Agricultural Sciences, Sweden

Chapter 13
Tipaimukh Multipurpose Hydroelectric Project: A Policy Perspective – Indo-Bangla Priorities, Indigenous Peoples’ Rights, and Environmental Concerns .......................................................... 227
Ali Reja Osmani, Karimganj Law College, India
Chapter 14
An Approach to Sustainable Watershed Management: Case Studies on Enhancing Sustainability with Challenges of Water in Western Maharashtra

Sneha Kumari, Symbiosis International University, India
Yogesh Patil, Symbiosis International University, India
Prakash Rao, Symbiosis International University, India

Chapter 15
Participation Framework to Sustainability: The Undercurrents in Bottled-Water Production and Consumption

Taksina Chai-Ittipornwong, Muban Chombueng Rajabhat University, Thailand

Chapter 16
Industrial Wastewater Management in the Context of Climate Change Adaptation in Selected Cities of India: A Business Approach

Rahul Hiremath, SCMHRD, Symbiosis International University, India
Bimlesh Kumar, Indian Institute of Technology Guwahati, India
Sheelratan S. Bansode, Solapur University, India
Gurudas Nulkar, SCMHRD, Symbiosis International University, India & Trustee Ecological Society, India
Sharmila S. Patil, Walchand Institute of Technology, India
J. Murali, Environmental Solutions and Consultancy, UAE

Chapter 17
Adaptive Coevolution: Realigning the Water Governance Regime to the Changing Climate

Douglas Wafula Juma, Tongji University, China
Makomere Reuben, Tongji University, China
Hongtao Wang, Tongji University, China
Fengting Li, Tongji University, China

Chapter 18
Climate Change and Agriculture: Time for a Responsive and Responsible System of Water Management

Eshwar Anand Ventrapragada, Symbiosis International University, India
Neela Rayavarapu, Symbiosis International University, India

Chapter 19
Common Duckweeds as a Model System for Climate Change Impact Assessment

Vinay Rale, Symbiosis International University, India
Pooja Tendulkar, SA Associates, India
