# Table of Contents

Preface .................................................................................................................................................. xiv

Acknowledgment ................................................................................................................................... xx

**Chapter 1**
Mainstreaming Development Policies for Climate Change in Fiji: A Policy Gap Analysis and the Role of ICTs ................................................................................................................................. 1

*Sam Goundar, United Nations University, Macau, China*  
*Subhash Appana, University of the South Pacific, Fiji*

**Chapter 2**
Indian National Strategy for Climate Change Adaptation and Mitigation ........................................ 32

*B. K. Khanna, Government of India, India*

**Chapter 3**
Vulnerability of the Lakshadweep Coral Islands in India and Strategies for Mitigating Climate Change Impacts ............................................................................................................................. 64

*B. K. Khanna, Government of India, India*

**Chapter 4**
Climate Change Adaptation and Disaster Risk Management in the Caribbean ................................. 97

*Gaius Eudoxie, The University of the West Indies – St. Augustine, Trinidad and Tobago*  
*Ronaldo Roopnarine, The University of the West Indies – St. Augustine, Trinidad and Tobago*

**Chapter 5**
Zero Tillage for Mitigating Global Warming Consequences and Improving Livelihoods in South Asia ........................................................................................................................................ 126

*Rajan Bhatt, University Seed Farm, Punjab Agricultural University, India*

**Chapter 6**
Climate Change: Vulnerability and Resilience in Commercial Shrimp Aquaculture in Bangladesh ................................................................................................................................. 162

*Shaikh Mohammad Kais, University of Rajshahi, Bangladesh*
Chapter 7
Mini Livestock Ranching: Solution to Reducing the Carbon Footprint and Negative Environmental Impacts of Agriculture ................................................................. 188
   Dimple Singh-Ackbarali, The University of Trinidad and Tobago, Trinidad and Tobago
   Rohanie Maharaj, The University of Trinidad and Tobago, Trinidad and Tobago

Chapter 8
The Role of Eco-Municipalities in Climate Change for a Sustainable Future............................... 213
   Seda H. Bostanci, Namik Kemal University, Turkey
   Ayse Nur Albayrak, Gebze Technical University, Turkey

Chapter 9
Impact of Climate Change on a Key Agricultural Pest: Thrips ....................................................... 232
   Tamika A. Garrick, Valencia College, USA
   Oscar E. Liburd, University of Florida, USA

Chapter 10
Sustainable Land Use and Watershed Management in Response to Climate Change Impacts: Case Study in Srepok Watershed, Central Highland of Vietnam ........................................ 255
   Nguyen Kim Loi, Nong Lam University – Ho Chi Minh City, Vietnam
   Nguyen Thi Huyen, Nong Lam University – Ho Chi Minh City, Vietnam
   Le Hoang Tu, Nong Lam University – Ho Chi Minh City, Vietnam
   Vo Ngoc Quynh Tram, Nong Lam University – Ho Chi Minh City, Vietnam
   Nguyen Duy Liem, Nong Lam University – Ho Chi Minh City, Vietnam
   Nguyen Le Tan Dat, Nong Lam University – Ho Chi Minh City, Vietnam
   Tran Thong Nhat, Ho Chi Minh City University of Natural Resources and Environment, Vietnam
   Duong Ngoc Minh, Nong Lam University – Ho Chi Ming City, Vietnam

Chapter 11
The Impact of Climate Change on Small Ruminant Performance in Caribbean Communities .......... 296
   Cicero H. O. Lallo, The University of the West Indies, Trinidad and Tobago
   Sebrena Smalling, The University of the West Indies, Trinidad and Tobago
   Audley Facey, Ministry of Agriculture and Fisheries, Jamaica
   Martin Hughes, The University of the West Indies, Trinidad and Tobago

Chapter 12
Climate Change Impacts on Surface Water Quality ........................................................................ 322
   Never Mujere, University of Zimbabwe, Zimbabwe
   William Moyce, University of Zimbabwe, Zimbabwe
Chapter 13
Modelling the Frequency of Tropical Cyclones in the Lower Caribbean Region

Reynold J. Stone, The University of the West Indies – St. Augustine, Trinidad and Tobago
