Table of Contents

Preface.................................................................................................................................................. xxiv

Volume I

Section 1
Fundamental Concepts and Theories

This section serves as a foundation for this exhaustive reference tool by addressing underlying principles essential to the understanding of Educational Leadership and Administration. Chapters found within these pages provide an excellent framework in which to position Educational Leadership and Administration within the field of information science and technology. Insight regarding the critical incorporation of global measures into Educational Leadership and Administration is addressed, while crucial stumbling blocks of this field are explored. With 12 chapters comprising this foundational section, the reader can learn and chose from a compendium of expert research on the elemental theories underscoring the Educational Leadership and Administration discipline.

Chapter 1
Educational Management Leadership: High School Principal’s Management Style and Parental Involvement in School Management in Israel................................................................. 1

  Maciej Brzozowski, Poznan University of Economics and Business, Poland
  Ilan Ferster, Ort Kramim High School, Israel

Chapter 2
Supporting the Enactment of Standards-Based Mathematics Pedagogies: The Cases of the CoDE-I and APLUS Projects............................................................................................................. 22

  Drew Polly, University of North Carolina at Charlotte, USA
  Christie S. Martin, University of South Carolina at Columbia, USA
  Chuang Wang, University of North Carolina at Charlotte, USA
  Richard G. Lambert, University of North Carolina at Charlotte, USA
  David Pugalee, University of North Carolina at Charlotte, USA

Chapter 3
Understanding of Leadership in Distance Education Management.............................................. 34

  Gülşay Ekren, Sinop University, Turkey
  Serçin Karataş, Gazi University, Turkey
  Uğur Demiray, Anadolu University, Turkey
Chapter 4
Introducing Educational Technology into the Higher Education Environment: A Professional Development Framework

Linda Van Ryneveld, University of Pretoria, South Africa

Chapter 5
Information as a Global Public Good and the Role of Modern Educational Technologies in the Creation of the Information Society

Deniz Sahin, Gaziosmanpaşa University, Turkey

Chapter 6
Educational Leaders and the Program Evaluation Dissertation with Logic Model

Tricia J. Stewart, Point Park University, USA

Chapter 7
Educational Leadership and Integrated Support for Students with Autism Spectrum Disorders

Yefim Kats, Chestnut Hill College, USA

Chapter 8
Leadership of Educational Opportunities for Adults: American Perspective

Alan B. Knox, University of Wisconsin, USA

Chapter 9
Dynamics of Public Training in a University Setting: Promoting Excellence through Leadership

Bantu Morolong, University of Botswana, Botswana
Rebecca Lekoko, University of Botswana, Botswana
Veronica Magang, University of Botswana, Botswana

Chapter 10
Professional Development for Quality Teaching and Learning: A Focus on Student Learning Outcomes

Cathy G. Powell, Bulloch County Schools, USA
Yasar Bodur, Georgia Southern University, USA

Chapter 11
edTPA Preparation: Building Support Structures for Teacher Candidates

Randa Suleiman, Cardinal Stritch University, USA
Clavon Byrd, Cardinal Stritch University, USA

Chapter 12
Aligning and Valuing Data-Based Wisdom Projects

Brandon Olson, The College of St. Scholastica, USA
Section 2
Development and Design Methodologies

This section provides in-depth coverage of conceptual architecture frameworks to provide the reader with a comprehensive understanding of the emerging developments within the field of Educational Leadership and Administration. Research fundamentals imperative to the understanding of developmental processes within Educational Leadership and Administration are offered. From broad examinations to specific discussions on methodology, the research found within this section spans the discipline while offering detailed, specific discussions. From basic designs to abstract development, these chapters serve to expand the reaches of development and design technologies within the Educational Leadership and Administration community. This section includes 15 contributions from researchers throughout the world on the topic of Educational Leadership and Administration.

Chapter 13
Teacher Effect Model for Impacting Student Achievement................................................................. 215
   Tina Heafner, University of North Carolina at Charlotte, USA

Chapter 14
   Anne Katz, Armstrong State University, USA
   Tricia Muldoon Brown, Armstrong State University, USA
   Jackie Kim, Armstrong State University, USA

Chapter 15
Curriculum Development Models for Quality Educational System.................................................. 262
   Melody Ndidi Modebelu, Micheal Okpara University of Agriculture, Nigeria

Chapter 16
A Paradigm Shift for Teachers’ Professional Development Structure in Turkey: Moving from Instruction to Learning................................................................................................................ 282
   Murat Günel, TED University, Turkey
   Melike Özer-Keskin, Gazi University, Turkey
   Nilay Keskin-Samancı, Gazi University, Turkey

Chapter 17
Curriculum Development and Scientific Research............................................................................... 303
   Lazarus Ndiku Makewa, University of Eastern Africa, Baratton, Kenya

Chapter 18
A Framework for Supporting In-Service Teachers to Use Domain-Specific Technologies for Instruction.................................................................................................................. 324
   Louise Yarnall, SRI International, USA
   Judith Fusco, SRI International, USA
Chapter 19
Dissertation Redesign for Scholarly Practitioners in Educational Leadership: Increasing Impact through Dissemination-Ready Sections .................................................................................................................. 357
Cynthia J. MacGregor, Missouri State University, USA
Jennifer Fellabaum, University of Missouri, USA

Chapter 20
Creating an EdD Structure, Program, and Process Fulflling the Needs of Doctoral Candidates and the Communities They Will Serve: Applying Lessons Learned from the Redesign of a Principal Preparation Program .......................................................................................................................... 374
Marla Susman Israel, Loyola University, USA
Susan Sostak, Loyola University, USA
Felicia P. Stewart, Loyola University, USA
Ahlam Bazzi-Moughania, Loyola University, USA

Chapter 21
Re-Framing the Formation of Rural Educational Leaders .................................................................................................................. 394
R. John Halsey, Flinders University, Australia

Chapter 22
Developing English Language Teachers' Professional Capacities through Digital and Media Literacies: A Brazilian Perspective .......................................................................................................................... 414
Lucas Moreira dos Anjos-Santos, Monash University, Australia & CAPES Foundation, Brazil
Michele Salles El Kadri, State University of Londrina, Brazil
Raquel Gamero, State University of the North of Parana, Brazil
Telma Gimenez, State University of Londrina, Brazil

Chapter 23
Quality Assurance for a Developmental “Global Studies” (GS) Curriculum ................................................................................................................. 438
Gilbert Ahamer, Austrian Academy of Sciences, Austria

Chapter 24
An Adaptive Model for a Rigorous Professional Practice Doctorate: The Disquisition ................................................................................................. 478
Robert Crow, Western Carolina University, USA
Kofi Lomotey, Western Carolina University, USA
Kathleen Topolka-Jorissen, Western Carolina University, USA

Chapter 25
A Framework for Defining and Evaluating Technology Integration in the Instruction of Real-World Skills .......................................................................................................................... 494
J. Christine Harmes, Assessment Consultant, USA
James L. Welsh, University of South Florida, USA
Roy J. Winkelman, University of South Florida, USA
Chapter 26
Intercultural Dialogue Framework for Transnational Teaching and Learning............................................. 522
Ting Wang, University of Canberra, Australia

Volume II

Chapter 27
Systematic Support for STEM Pre-Service Teachers: An Authentic and Sustainable Four-Pillar Professional Development Model................................................................. 542
Reenay R.H. Rogers, University of West Alabama, USA
Jodie Winship, University of West Alabama, USA
Yan Sun, University of West Alabama, USA

Section 3
Tools and Technologies

This section presents an extensive coverage of various tools and technologies available in the field of Educational Leadership and Administration that practitioners and academicians alike can utilize to develop different techniques. These chapters enlighten readers about fundamental research on the many tools facilitating the burgeoning field of Educational Leadership and Administration. It is through these rigorously researched chapters that the reader is provided with countless examples of the up-and-coming tools and technologies emerging from the field of Educational Leadership and Administration. With 15 chapters, this section offers a broad treatment of some of the many tools and technologies within the Educational Leadership and Administration field.

Chapter 28
Technology-Enabled Learning Opportunities................................................................. 561
Amir Manzoor, Bahria University, Pakistan

Chapter 29
An Online Course Design for Inservice Teacher Professional Development in a Digital Age: The Effectiveness of the Double-Layered CoP Model.................................................. 583
Kyungmee Lee, OISE/University of Toronto, Canada
Clare Brett, OISE/University of Toronto, Canada

Chapter 30
Adaptable Learning Theory Framework for Technology-Enhanced Learning................................. 611
Byron Havard, University of West Florida, USA
Marlene L. East, University of West Florida, USA
Lakshmi Prayaga, University of West Florida, USA
Alex Whiteside, University of West Florida, USA

Chapter 31
Teachers’ Use of Social Networking Sites for Continuing Professional Development .................. 635
Daniel Xerri, University of Malta, Malta
Chapter 32
Introducing iPads into Primary Mathematics Classrooms: Teachers’ Experiences and Pedagogies .......................................................... 660
Catherine Attard, University of Western Sydney, Australia

Chapter 33
Teachers’ Professional Development in the Digitized World: A Sample Blended Learning Environment for Educational Technology Training ........................................ 681
Emsal Ates Ozdemir, Istanbul Sehir University, Turkey
Kenan Dikilitaş, Hasan Kalyoncu University, Turkey

Chapter 34
Integrating Technology in Nurse Education: Tools for Professional Development, Teaching, and Clinical Experiences .................................................. 692
Vivian H. Wright, University of Alabama, USA
Anjanetta Davis, University of South Alabama, USA

Chapter 35
Integrating Technological Innovations to Enhance the Teaching-Learning Process .................. 708
Judi Simmons Estes, Park University, USA
Amber Dailey-Hebert, Park University, USA
Dong Hwa Choi, Park University, USA

Chapter 36
STEM Learning in Middle Grades by Technology-Mediated Integration of Science and Mathematics: Results of Project SMILE ........................................... 737
Pradeep Maxwell Dass, Northern Arizona University, USA
John T. Spagnolo, Appalachian State University, USA

Chapter 37
Disruptive Technologies and Education: Is There Any Disruption After All?....................... 757
Kin Wai Michael Siu, The Hong Kong Polytechnic University, China & Wuhan Institute of Technology, China
Giovanni Jesue Contreras García, The Hong Kong Polytechnic University, China

Chapter 38
Digital Pedagogy from the Perspective of Early Childhood Education .................................. 779
Michael Vitoulis, Alexander Technological Educational Institute of Thessaloniki, Greece
Evangelia Laloumi-Vidali, Alexander Technological Education Institute of Thessaloniki, Greece

Chapter 39
Technology Tools, Proficiency, and Integration of Physical Education Teacher Educators ......... 802
Helena Baert, SUNY Cortland, USA
Chapter 40
A Call for Teacher Preparation Programs to Model Technology Integration into the Instructional Process .............................................................. 836
Judi Simmons Estes, Park University, USA

Chapter 41
Technology Integration and Innovation during Reflective Teaching ......................... 853
Neeta Baporikar, Namibia University of Science and Technology, Namibia

Chapter 42
Distributed Cognition: Teachers’ Perceptions and Implications for Learning Outcomes and Instructional Technology .................................................. 863
Sherah Betts Carr, Mercer University, USA
Nneka Johnson, Mercer University, USA
Lucy Bush, Mercer University, USA

Section 4
Utilization and Applications

This section discusses a variety of applications and opportunities available that can be considered by practitioners in developing viable and effective Educational Leadership and Administration programs and processes. This section includes 16 chapters that review topics from case studies to best practices and ongoing research. Further chapters discuss Educational Leadership and Administration in a variety of settings. Contributions included in this section provide excellent coverage of today’s IT community and how research into Educational Leadership and Administration is impacting the social fabric of our present-day global village.

Chapter 43
An Investigation of a Computer Training Company’s Migration to a New Distance Learning Platform and the Implementation of an Online Professional Development Program ..................... 895
Denis Rudd, New Horizons Computer Learning Centers, USA
Carianne Bernadowski, Robert Morris University, USA

Chapter 44
Assessing the Performance of a Cohort-Based Model Using Domestic and International Practices .............................................................. 913
Lou L. Sabina, Oklahoma State University, USA
Katherine A. Curry, Oklahoma State University, USA
Edward L. Harris, Oklahoma State University, USA
Bernita L. Krumm, Oklahoma State University, USA
Vallory Vencill, Oklahoma State University, USA

Chapter 45
Using a Literacy-Based Classroom Partnership to Prepare Teacher Candidates for the edTPA .......................... 930
Jana Lynn Hunzicker, Bradley University, USA
Cecile M. Arquette, Bradley University, USA
Peter Olson, California State Polytechnic University – Pomona, USA
Douglas Atkins, Whittier Primary School, USA
Chapter 46
Exploring the Impact of School Leadership on Student Learning Outcomes: Constraints and Perspectives

Andreas Kythreotis, Cyprus International Institute of Management, Cyprus
Panayiotis Antoniou, University of Cambridge, UK

Chapter 47
Self-Assessment of Principals Based on Leadership in Complexity

Leyla Yılmaz Fındık, Hacettepe University, Turkey

Chapter 48
A Case Study on Training and Leadership: Implications for Lifelong Learning and Poverty Reduction in Africa

Wapula N. Raditloaneng, University of Botswana, Botswana
Morgen Chawawa, Botho University, Botswana
Rakel Kavena Shalyefu, University of Namibia, Namibia

Chapter 49
Using Reason Racer to Support Argumentation in Middle School Science Instruction

Marilyn Ault, University of Kansas, USA
Jana Craig-Hare, University of Kansas, USA
James D. Ellis, University of Kansas, USA
Janis Bulgren, University of Kansas, USA
Isa Kretschmer, Independent Researcher, USA
Bruce B. Frey, University of Kansas, USA

Chapter 50
Exploring Distributive Leadership in South African Public Primary Schools in the Soweto Region

Raj Mestry, University of Johannesburg, South Africa
Suraiya R Naicker, University of Johannesburg, South Africa

Volume III

Chapter 51
Performance-Based Assessment Evaluated by Croatian Preschool Teachers and Students: Implications for Study Program and Practice Modifications

Sanja Tatalović Vorkapić, University of Rijeka, Croatia
Vesna Katić, University of Rijeka, Croatia

Chapter 52
The Impact of Video Self-Analysis on the Development of Preservice Teachers’ Technological Pedagogical Content Knowledge (TPACK)
Chapter 53
Use of Innovative Pedagogies and Creative Partnership Strategies to Promote Undergraduate STEM Education at an HBCU ................................................................. 1120
Sayo O. Fakayode, North Carolina A&T State University, USA
Vincent Snipes, Winston-Salem State University, USA
Margaret I. Kanipes, North Carolina A&T State University, USA
Abdul K. Mohammed, North Carolina Central University, USA
Zakiya S. Wilson, North Carolina A&T State University, USA

Chapter 54
Principal Preparation: The Case of Novice Principals in Turkey ........................................ 1152
Kadir Beycioglu, Dokuz Eylul University, Turkey
Helen Wildy, University of Western Australia, Australia

Chapter 55
Teacher Insight on RTI Implementation at the Middle and High School Levels: A Comparative Case Study ........................................................................................................ 1170
Pam Epler, Grand Canyon University, USA

Chapter 56
High School Turnaround: A Case Study ................................................................................. 1188
Rebecca Stobaugh, Western Kentucky University, USA
Wanda G. Chandler, Western Kentucky University, USA
Crystal White, Kentucky Department of Education, USA

Chapter 57
Lesson Study as an Effective Performance-Based Measure of Teacher Effectiveness .......... 1215
Mark Patrick Ryan, Loyola Marymount University, USA

Chapter 58
Assessing Experience: Performance-Based Assessment of Experiential Learning Activities .... 1229
Erik Jon Byker, University of North Carolina at Charlotte, USA

Section 5
Organizational and Social Implications

This section includes a wide range of research pertaining to the social and behavioral impact of Educational Leadership and Administration around the world. Chapters introducing this section critically analyze and discuss trends in Educational Leadership and Administration. Also investigating a concern within the field of Educational Leadership and Administration is research which discusses the effect of user behavior on Educational Leadership and Administration. With 17 chapters, the discussions presented in this section offer research into the integration of global Educational Leadership and Administration as well as implementation of ethical and workflow considerations for all organizations.

Chapter 59
Cultivating Community in Online and Blended Learning Environments ................................ 1250
Tracy W. Smith, Appalachian State University, USA
Emory Maiden III, Appalachian State University, USA
Chapter 60
Emotional Intelligence and Political Skill Really Matter in Educational Leadership .................. 1274
   Nikoletta Taliadorou, Open University of Cyprus, Cyprus
   Petros Pashiardis, Open University of Cyprus, Cyprus

Chapter 61
Primary Grades Teachers’ Fidelity of Teaching Practices during Mathematics Professional Development ................................................................................................................. 1304
   Christie S. Martin, University of South Carolina at Columbia, USA
   Drew Polly, University of North Carolina at Charlotte, USA
   Chuang Wang, University of North Carolina at Charlotte, USA
   Richard G. Lambert, University of North Carolina at Charlotte, USA
   David Pugalee, University of North Carolina at Charlotte, USA

Chapter 62
The Role of Teacher Leadership for Promoting Professional Development Practices ........ 1324
   Patricia Dickenson, National University, USA
   Judith L. Montgomery, University of California Santa Cruz, USA

Chapter 63
Cross-Border Collaborative Learning in the Professional Development of Teachers: Case Study – Online Course for the Professional Development of Teachers in a Digital Age .................. 1348
   Rafi Davidson, Kaye Academic College of Education, Israel
   Amnon Glassner, Kaye Academic College of Education, Israel

Chapter 64
Culturally Responsive Educational Leadership in Cross-Cultural International Contexts .... 1380
   Lorri J. Santamaria, The University of Auckland, New Zealand

Chapter 65
School Home Interactive Curriculum Development: Teachers and Families in Partnership ........ 1401
   Peggy Morrison, Bilingual Education Teacher and Consultant, USA

Chapter 66
The Roles of Organizational Justice, Social Justice, and Organizational Culture in Global Higher Education ......................................................................................................................................................................................................................................................... 1427
   Kijpokin Kasemsap, Suan Sunandha Rajabhat University, Thailand

Chapter 67
Enacting a Cycle of Inquiry Capstone Research Project in Doctoral-Level Leadership Preparation ......................................................................................................................................................................................................................................................... 1460
   Shelby Cosner, University of Illinois at Chicago, USA
   Steve Tozer, University of Illinois at Chicago, USA
   Paul Zavitkovsky, University of Illinois at Chicago, USA
Chapter 68
Impact of a Professional Development Programme on Trainee Teachers’ Beliefs and Teaching Practices

Yasemin Kirkgöz, Cukurova University, Turkey

Chapter 69
The Pivotal Role of Faculty in Online Student Engagement and Retention

Judi Simmons Estes, Park University, USA

Chapter 70
Principal Leadership in Diverse Cultures: A Comparative Study

Allan Walker, Hong Kong Institute of Education, China
Haiyan Qian, Hong Kong Institute of Education, China

Chapter 71
Effective School Leadership for Māori Achievement: Building Capacity through Indigenous, National, and International Cross-Cultural Collaboration

Andrés P. Santamaría, Auckland University of Technology, New Zealand
Melinda Webber, The University of Auckland, New Zealand
Lorri J. Santamarí, The University of Auckland, New Zealand

Chapter 72
School Principals’ Communication and Co-Operation Assessment: The Croatian Experience

Ina Reić Ercegovac, University of Split, Croatia
Nikša Alfirević, University of Split, Croatia
Morana Koludrović, University of Split, Croatia

Chapter 73
Teachers’ Portfolios: A Reflective Tool towards Professional Development

Zineb Djoub, Abdelhamid Ibn Badis University of Mostaganem, Algeria

Chapter 74
Critical Bilingual Leadership for Emergent Bilingual Students

Joseph Wiemelt, University of Illinois at Urbana-Champaign, USA & Urbana School District 116, USA

Volume IV

Chapter 75
Educational Leadership for Enhancing Quality in Teacher Education

Neeta Baporikar, HP-GSB, Namibia & University of Pune, India
Section 6
Critical Issues and Challenges

This section contains 11 chapters, giving a wide variety of perspectives on Educational Leadership and Administration and its implications. Within the chapters, the reader is presented with an in-depth analysis of the most current and relevant issues within this growing field of study. Crucial questions are addressed and alternatives offered along with theoretical approaches discussed.

Chapter 76
Pedagogical Challenges in Cross-Cultural Chinese Language Teaching: Perceptions and Experiences of Chinese Immersion Teachers in the U.S. ................................................................. 1656
  Wenying Zhou, Western Kentucky University, USA
  Guofang Li, University of British Columbia, Canada

Chapter 77
Aligning Strategy and Information Technology ................................................................. 1682
  Eamonn Caffrey, Trinity College Dublin, Ireland
  Joe McDonagh, Trinity College Dublin, Ireland

Chapter 78
Taking Making into the Schools: An Immersive Professional Development Approach ............ 1712
  Susan E. Crichton, University of British Columbia – Okanagan, Canada
  Deb Carter, University of British Columbia – Okanagan, Canada

Chapter 79
The Importance of Distance Education Experts in the Organizational Development Process of Distance Education Institutions: A Theoretical Evaluation......................................................... 1741
  Eren Kesim, Anadolu University, Turkey

Chapter 80
Qatar’s Educational Reform: Critical Issues Facing Principals........................................... 1758
  Michael H. Romanowski, Qatar University, Qatar

Chapter 81
Critical Thinking, Instruction, and Professional Development for Schools in the Digital Age...... 1774
  Howard V. Coleman, Coastal Carolina University, USA
  Jeremy Dickerson, Coastal Carolina University, USA
  Dennis Dotterer, South Carolina Department of Education, USA

Chapter 82
A Balanced Approach to Education.................................................................................. 1794
  Mohammad Ayub Khan, Tecnológico de Monterrey, Mexico

Chapter 83
Identity, Commitment, and Change Agency: Bedrock for Bridging Theory and Practice in Doctoral Education........................................................................................................... 1815
  Carol A. Kochhar-Bryant, The George Washington University, USA
Chapter 84
The MOOCs: Characteristics, Benefits, and Challenges to Both Industry and Higher Education...

John F. LeCounte, Texas A&M University, USA
Detra Johnson, Texas A&M University, USA

Chapter 85
Adapting and Advocating for an Online EdD Program in Changing Times and “Sacred” Cultures

Elan Nicole Paulson, Western University, USA

Chapter 86
What 21st Century Students Want: Factors That Influence Student Selection of Educational Leadership Graduate Programs

Lesley F. Leach, Tarleton State University, USA
Pam Winn, Tarleton State University, USA
Susan Erwin, Tarleton State University, USA
Liza P. Benedict, Tarleton State University, USA

Section 7
Emerging Trends

This section highlights research potential within the field of Educational Leadership and Administration while exploring uncharted areas of study for the advancement of the discipline. Introducing this section are chapters that set the stage for future research directions and topical suggestions for continued debate, centering on the new venues and forums for discussion. A pair of chapters on space-time makes up the middle of the section of the final 12 chapters, and the book concludes with a look ahead into the future of the Educational Leadership and Administration field. In all, this text will serve as a vital resource to practitioners and academics interested in the best practices and applications of the burgeoning field of Educational Leadership and Administration.

Chapter 87
Joint Professional Development of Teacher Candidates and Mentoring Teachers in Using Project-Based Learning for 21st Century Learning Outcomes

Neal Shambaugh, West Virginia University, USA

Chapter 88
Becoming Practitioner-Scholars: The Role of Practice-Based Inquiry Dissertations in the Development of Educational Leaders

Sharon M. Ravitch, University of Pennsylvania, USA
Susan L. Lytle, University of Pennsylvania, USA

Chapter 89
Designing a cMOOC for Lecturer Professional Development in the 21st Century

Thomas Cochrane, Auckland University of Technology, New Zealand
Vickel Narayan, Auckland University of Technology, New Zealand
Victorio Burcio-Martin, Auckland University of Technology, New Zealand
Chapter 90
Fostering Development of 21st Century Competencies and Global Citizenship through
Constructivist-Based and Learning-Style Responsive Pedagogy ........................................... 1951
   Jennifer Lauria, Wagner College, USA

Chapter 91
Instructional Design for Millennials: Instructor Efficiency in Streamlining Content, Assignments,
and Assessments ........................................................................................................................... 1980
   William Loose, Azusa Pacific University, USA
   Teri Marcos, National University, USA

Chapter 92
Evolving Pedagogy and Practice: The 1:1 Mathematics Classroom through a TPACK Lens........ 2005
   Susan Hennessey, University of Vermont, USA
   Mark W. Olofson, University of Vermont, USA
   Meredith J. C. Swallow, University of Vermont, USA
   John M. Downes, University of Vermont, USA

Chapter 93
All Roads Lead to Curriculum Inclusive of Social Justice and Democracy ................................. 2034
   Victor C. X. Wang, Florida Atlantic University, USA
   Marianne Russo, Florida Atlantic University, USA
   Valerie C. Bryan, Florida Atlantic University, USA

Chapter 94
Realising the Potential of MOOCs in Developing Capacity for Tertiary Education Managers ...... 2056
   Chinh Nguyen, University of Melbourne, Australia
   Heather Davis, University of Melbourne, Australia
   Geoff Sharrock, University of Melbourne, Australia
   Kay Hempsall, University of Melbourne, Australia

Chapter 95
New Methods Exploring Facial Expressions in the Context of Leadership Perception:
Implications for Educational Leaders ......................................................................................... 2070
   Savvas Trichas, Open University of Cyprus, Cyprus

Chapter 96
Learning to Teach Online: Negotiating Issues of Platform, Pedagogy, and Professional
Development ............................................................................................................................... 2092
   Christina M. Tschida, East Carolina University, USA
   Elizabeth M. Hodge, East Carolina University, USA
   Steven W. Schmidt, East Carolina University, USA

Chapter 97
Public Art, Digital Technology, and Building Teacher Capacity ........................................... 2114
   Narelle Lemon, La Trobe University, Australia
Chapter 98
Becoming Teacher Researchers: Using English Learners’ Linguistic Capital to Socially Re-Organize Learning

Aria Razfar, University of Illinois at Chicago, USA
Beverly Troiano, Elmhurst College, USA.
Ambareen Nasir, University of Illinois at Chicago, USA
Eunah Yang, Independent Researcher, South Korea
Joseph C. Rumenapp, Judson University, USA
Zayoni Torres, University of Illinois at Chicago, USA
