Acknowledgment

This is my first time to edit a book and I did not know how much time and effort I needed to spend on it throughout the whole process. I have been extremely lucky to have dedicated reviewers who were not only serious in reviewing, but also adhere to deadlines. The reviewers’ detailed and constructive comments helped authors improve the quality of their chapters greatly. I appreciate those authors who also serve as reviewers, so that they contribute to the book in dual roles. Reviewers’ information is listed in the reviewers’ list and Katy Campbell, Larbi Esmahi, Jan Frick, George Ghinea, Ikuo Kitagaki, and Sergio Lujan Mora also serve as editorial advisory board members.

It has been a frustrating and yet rewarding experience working with authors, in particular those who needed extra support. Sincere thanks go to my husband who encouraged me to take this challenge. I would like to acknowledge the support from IGI Global. Last but not least, my research assistant, Wilson Chung, who has helped me in many tedious logistic work.
