The editor would like to acknowledge the help of all the people involved in this project and, more specifically, to the authors, reviewers and editorial advisory board members who took part in the review process. Without their support, this book would not have become a reality.

First, the editor would like to thank each one of the authors for their excellent contributions and their patience during the publication process. My sincere gratitude goes to the chapter’s authors who contributed their time and expertise to this book.

Second, the editor wishes to acknowledge the valuable contributions of the reviewers regarding the improvement of quality, coherence, and content presentation of chapters. Most of the authors also served as referees; their double task is highly appreciated.

Thirdly, the Publishers’ support team who work relentlessly to answer queries and concerns promptly and with the utmost professional deportment.

Finally, I have to thank my family for their support during the long and difficult days and nights that were committed to this book, I owe them a ton of gratitude for their understanding.
